Boston, MA

DETAILS

SonaSpray "fc" White
5,000 Square Feet
.75" Thickness

Having the ability to perform and not be noticed is of the utmost importance when it comes to acoustical treatments. This application of SonaSpray "fc" is the third application in the town of Tisbury, Massachusetts. Selected for its discrete performance, the SonaSpray "fc" was a perfect fit for this modern yet old public library to fit the island life criteria. Applied at .75" the Noise Reduction Coefficient is controlling reverberation in the foyer and main library areas. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ www.atiincorporated.com.
