

PROJECT PROFILE

Nichols College

PROJECT

Nichols College
124 Center Road
Dudley, MA

ACOUSTICAL ENGINEER

Adtech Systems Inc.
490 Boston Post Road
Sudbury, MA

DETAILS

K-13 Beige
15,000 Square Feet
2" Thickness

Peeling paint and tremendous reverberation have been haunting Nichols College for years. In ten days, and a 2" application of Beige K-13, the nightmare is over. Utilizing high air pressure, and minimal scraping and priming, the substrate was properly prepared to receive the new acoustical treatment. With reverberation reduced to a fraction of the original time and an end to falling paint chips, ask this owner what they think about K-13. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
