SUMMARY OF HOW OUTDOOR LEAGUE OPERATES

PARTICIPANTS	Members of Pickleball Manitoba Inc. are eligible. If not already a member, membership available from https://pickleballmanitoba.ca/	
WHAT	You compete in a match (like a mini tournament) as often as you wish and when you wish. A match involves 4 players of a similar skill level who play a total of six games (2 games with each of the other 3 players). Games are to 11 points , 1 st team to 11 points wins game. Scores for each game are reported to the League Convenor and used, along with other factors, to rank players. Players receive weekly notifications after the 2 nd week (Friday or Saturday) of these rankings via email.	
WHERE?	Locations where you play are totally non-negotiable although every attempt will be made to have players play closer to their home address. However, do understand that to have a functional and viable league, players, over the course of a season, should play all players at or near their level and be ready to play them away from home in order to do that!

Matches are scheduled all days of the week at 8:00 a.m. or 8:30 a.m. (preferred time) and 9:30 a.m. or 10:00 a.m. You will play no more matches than you tell me you can play in a week and only at the times you tell me you can play! Players will also normally be asked every Friday to confirm their availability for each of the days of the following week as well as how often they wish to play. A schedule for the next week will be prepared on Saturday and sent out at the end of the day or on Sunday. Again, location is non-negotiable!
