

# THE REVOLUTIONARY SANITISING CLEANING SYSTEM

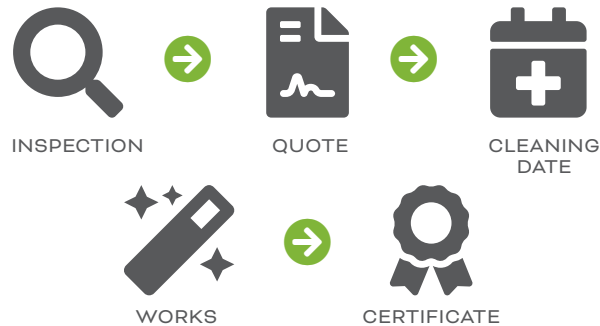

A PROFESSIONAL WAY TO  
SANITISE SURFACES IN YOUR  
FACILITY WITHOUT THE USE OF  
HARMFUL CHEMICALS.

UVC TECHNOLOGY FOR A SAFE,  
GERM-FREE ENVIRONMENT

Maintaining high standards for hygiene is essential in preventing the spread of infectious diseases and ensuring good health. Effective hygiene practices assist in significantly reducing the likelihood of children becoming ill due to cross-infection or as a result of exposure to surfaces, which may cause infection or illness. The AMS Sanitiser helps stop the spread of harmful viruses and bacteria in your facility, providing evidence through before and after tests to make sure your place is free of germs.

## OUR PROCESS IS SIMPLE

No area is too big or too small.  
The team at AMS look forward to  
assisting you to make your facility a  
safe and cleaner place to play.

WE CAN WORK AROUND YOUR  
OPERATING HOURS TO ENSURE NO  
DOWN TIME IN YOUR FACILITY.

- UVC TECHNOLOGY THAT DISINFECTS SURFACES WITH POWERFUL EXPOSURE TO ULTRA VIOLET LIGHT

## COMPLETION CERTIFICATE

We provide you a Completion Certificate at the end of each Sanitisation. The certificate verifies the details of your latest service.

## HOW OUR MAINTENANCE PLAN WORKS

### STEP 1: REPAIR

Before cleaning starts, the team at AMS will repair any loose seams, damaged rubber or synthetic grass within your facility. This maintenance service will guarantee a longer life to your existing surfaces.

### STEP 2: REJUVENATE

We rejuvenate the pile of your artificial grass with a specialised synthetic grass power broom. The grass is brushed and groomed to lift flattened grass blades and restore a fresh look to your artificial lawn area.

### STEP 3: CLEAN

We wash down the nominated area with a high-pressure power cleaner along with AMS's eco-friendly cleaning solution

### STEP 4: UVC SANITATION

Our machine, the only one in Australia, disinfects the surface with powerful exposure of UV lights, destroying the DNA bonds of organisms, killing viruses and bacteria
