Candidate for Treasurer

I am seeking reelection as treasurer of CPAM. I have always valued membership in professional organizations and helping to steer them into the future. As treasurer, I will continue to ensure that CPAM is fiscally strong and financially responsible. I have served in different leadership roles with many organizations, and have learned that listening, reflecting, and planning are instrumental to a successful leader and organization.

Education

University of California, Davis, M.A. in Teaching Mathematics 2002, M.A. in Mathematics 2002
