CPAM Membership Information

The Council of Presidential Awardees in Mathematics (CPAM) is an organization of recipients of the Presidential Award for Excellence in Mathematics Teaching. The mission of CPAM is to utilize the uniqueness and talents of its membership to influence the processes of teaching of mathematics in order to promote and provide appropriate mathematical experiences for students. As an organization, CPAM has the opportunity to influence educational policies for the good of all students.

The primary benefit of membership in CPAM is the opportunity to interact with other Presidential Awardees in Mathematics who share a passion and talent for great teaching and mathematics. This network allows for the timely exchange of ideas, issues and strategies. In addition, membership benefits include:

- CPAM listserv

- CPAM quarterly newsletter

- Professional development opportunities – e.g., summer institutes, mini-conferences prior to the NCTM Annual Meeting

- CPAM Directory

- Student achievement certificates

- Opportunity to nominate a graduating high school senior intending to teach mathematics for the CPAM Denise I. Griffiths Scholarship. This scholarship is worth $2,000 a year renewable for three years for a total of $8,000.

- Opportunities for social gatherings at regional and national NCTM meetings.

Dues run from July 1st to June 30th of each year. All memberships end on June 30th, regardless of when payment is received.

You may also pay via PayPal by following this link: https://cpam.org/member-renewal-1 . It is possible to set up an auto renewal via PayPal.
