

FOR IMMEDIATE RELEASE:

(Emmy Noether) and *(Isaac Newton)*, (*seniors*) at *(Mathematics Institute)*, were recognized in an awards program (*May 1, 2024*) by the Council of Presidential Awardees in Mathematics (CPAM) for outstanding achievement in mathematics.

(These students received the highest score in the regional mathematics competition and produced the winning project in the local mathematics and science fair.)

CPAM's membership is comprised of teachers who have received the Presidential Award for Excellence in Mathematics Teaching. Since 1983, 2,597 teachers have received this award. Outstanding Mathematics Achievement certificates are presented to students in CPAM members' schools to honor and encourage excellence in the pursuit of mathematical learning.

The CPAM member at *(Mathematics Institute)* who made the presentation is *(Leonhard Euler)*.
