

LOGISTICS HUBS

When you do business with USA buyers, if you have a local presence to service that buyer, it influences the buying decision. By taking advantage of our large network of HUBS across the USA, you can show your clients that you are local. You will be able to ship in a matter of hours rather than weeks, you can offer them to pick up their orders with their own carriers at the HUB and they can save money.

Our services are admissible to the Federal Export Subsidy Program

Well known for effective logistic in North America, Group Transit offers you warehousing HUBS across the USA and the main Urban areas in Canada. There are many benefits to us our HUBS:

• Local Presence for quicker delivery	• LTL delivery of your container or pallets
• We have facilities for FROZEN, TEMPERATURE CONTROLLED AND DRY products	• Cross-dock or month to month agreement
• HUBS with « Food Grade » certification	• Safe and secure warehousing
• Online, simultaneous inventory of your products in our HUB	• Pick and Pack orders when requested
• Be as responsive as your local competitor	• Pick ups at the HUB for your own carriers

FINAL DELIVERY (LAST MILE)

The strong point of having your product in our HUBS is to be close to your destination and respect delivery appointments.
