GENTOG SENIOR CLUB

HIGHLIGHTS OF THE MONTH

>>> WHAT'S NEW

Happy New Year! As we welcome 2024 with open arms, we are delighted to introduce our new monthly newsletter, designed to help keep you informed and connected with the vibrant happenings on the senior side of Gentog. We believe that sharing these highlights with you not only celebrates the accomplishments of our seniors but also fosters a deeper understanding of the invaluable benefits of intergenerational time for elders.

>>> INTERGENERATIONAL ACTIVITIES TO LOOK FORWARD TO

We have an exciting lineup of intergenerational activities planned for this month, creating lots of opportunities for meaningful connections between our seniors & our kids:

1. **Reading Buddies:** Seniors and children will come together for shared reading sessions, fostering a love for literature and creating bonds over storytelling.
2. **Shared Music Time:** Our intergenerational music time is always a blast. Seniors and children will enjoy a few musical guests throughout the month where they can delight in the wonder of music together.
3. **Artistic Collaborations:** The creativity of our seniors and children will converge in collaborative art projects, bringing generations together through the magic of self-expression.

GENTOG SENIOR CHOIR

BONDING THROUGH MUSIC

>>> COMMUNITY IN SONG

We are thrilled to share some heartwarming news from our senior side. One of our very own caregivers, Joe, has taken the lead in orchestrating a delightful and harmonious addition to our community – the Gentog Senior Choir!

Under Joe's skilled guidance, our seniors have discovered the joy of singing together. The rehearsals have been filled with laughter, camaraderie, and the sheer delight of making music. It's been a heartwarming experience witnessing our seniors come together, not just as friends but as a musical family. Our choir is not just about singing; it's about building connections and creating a sense of community. Music has a magical way of transcending generations, and our seniors have found a common language in song that bridges the gap between young and old.

>>> CREATING MUSICAL MEMORIES

In the spirit of creativity and collaboration, our senior choir has even composed their own song to welcome the New Year! The process of writing and rehearsing this original piece has been a source of immense joy for our seniors, as they bring their unique voices and life experiences into a beautiful melody. Make sure to keep a lookout for the video of them performing their piece on our socials!

THE JOY OF MUSIC

We are immensely proud of our seniors and grateful to Joe for his dedication and passion in nurturing this musical venture. The Gentog Senior Choir is a testament to the spirit of unity and joy that defines Gentog!
