A Little Splash of Color at Gentog!

Art Adventures with Monique is the vibrant force behind the extra paint, glitter, and happy chaos you might have noticed around the center lately!

As a creative soul who thrives on making and creating—and an art therapy practitioner in training — she loves introducing people of all ages to the boundless world of visual expression. From printmaking and collage to dynamic mixed media and interactive sensory play, her classes are all about diving into new techniques and materials with zero pressure.

We know that art is a spectacular tool for both our children and our seniors. It's a dedicated space where they can express themselves freely, build confidence, keep their minds beautifully active, and build bridges across generations. Her ultimate goal? To make art completely relaxed, fun, and accessible for absolutely everyone, proving that the best memories are often made when we are creating together!

Be sure to follow us on social media to see what our talented artists are creating next, or visit in person to see our intergenerational art gallery!
