

June 2026 Curriculum

We are the Tellers of Stories

The foundations of history, music, and language all come from the same place. The traditions of story telling! Oral stories, ballads, books, art pieces, poetry, myths and legends, there are so many ways to tell stories, and so many different kinds of stories! Join us this month as we delve into what stories are! We'll learn about different types of stories, what makes good stories, and how to tell our own stories.
