

## Rules (4-1-25)

#1 Scenario - You tee off from hole #15, and it takes three shots to get to the edge of the pond. You try to hit it across the pond to the green and end up in the pond. Then you decide to hit again (stroke and distance), and it bounces on the hillside and rolls back into the pond. You know it is a yellow penalty area. So you go to the drop zone, hit from there, and make it on the green. It takes you two putts to get into the hole. This sequence highlights the importance of understanding scoring after a penalty area. Whew! What is your score?

- B) 10**
- C) 11
- D) 12

#2 Scenario- You tee off from hole #7, which goes into the pond. So you decide to hit again from the tee? Can you tee it up? It's a yellow penalty area. **Rule 14.6a The original ball or another ball must be played from anywhere inside the teeing area (and may be teed) under rule 6.2b.**

This time, the ball ends up in the bunker, and you know it will take you a lot of strokes to get out of that bunker. So you decide to hit again, hoping not to go into the bunker. What is your score? **Rule 14.6b Stroke and Distance Relief after hitting it into the bunker, general area or a penalty area. 1 stroke penalty.**
