

BreezyDay LLC

Empowering Excellence in Government Contracting

BreezyDay LLC is a WOSB and Texas HUB-certified procurement firm that specializes in sourcing, organizing, and managing certified-minority small-business subcontractors for government and public-sector projects.

We work alongside prime contractors, agencies, and facility owners to build reliable, compliant trade benches with a particular focus on small business participation documentation, and performance oversight. Our role is not to replace the GC, but to make sure the right small businesses are on the job with the right paperwork and real capacity to deliver.

We position small businesses to compete and win in government contracting.

PAST PERFORMANCE

Construction / Facilities

- **City of Jacksonville** – Lawn maintenance services (2024)
- **Center ISD** – Commercial kitchen equipment procurement & coordination (2024)
- **Adult Protective Services** – Roofing services coordination (2025)
- **Texas Parks & Wildlife Dept.** – Propane delivery coordination (2025–present)

Logistics & Specialty Services

- **Texas Army National Guard** – Catering services coordination (Fort Worth & Bastrop)
- **U.S. Customs & Border Protection** – Canine services coordination

Evaluation, Training & Community Projects

- **Texas Juvenile Justice Dept.** – Intake evaluation coordination
- **Kizzy Parks Consulting** – Government contracting success coaching
- **City of Desoto** – Mural painting & sculpture project coordination

CORE CAPABILITIES

- **Subcontractor Sourcing** – Find local small-business subs by trade and region; confirm services, capacity, and interest in public work.
- **HSP & Minority Participation Documentation**–Help primes with HSPs, utilization plans, LOIs, MBE/SBE documentation, and good-faith effort backup.
- **Onboarding & Document Control** – Coordinate COIs, vendor packets, and key compliance docs so project teams have what they need in one place.
- **Performance & Compliance Checks** – Light monitoring of manpower/readiness and basic compliance items; flag issues early to the prime.
- **Replacement Vendor Support** – Maintain candidate pools by trade and help identify alternates when a sub underperforms or backs out.

WHAT SETS US APART

- **Small Business Focused Lane**– We don't do generic "consulting." Our lane is small-business sourcing & support
- **Real local subs** – We work with actual small businesses in your project areas, not just a spreadsheet of names.
- **Built for public work** – Our process matches how agencies and primes handle compliance, paperwork, and scrutiny.
- **Backup when subs fail** – We plan for replacements so primes have options when a sub underperforms or backs out.
