(Martial arts is about respect and honor)

Empty hand and weapon forms

1. Competitors will be called up one at a time to perform their chosen form. He/she will give a basic introduction (most commonly stating name, style, and form name), perform the form, then wait for judges' scoring. Form must be performed as a single, continuous form.
2. At the discretion of the center judge of a larger division, three competitors may be called up to perform the form individually, then be judged following the third form to set a baseline. After that, competitors will perform and be scored one at a time.
3. Adult black belt competition (empty hand and weapons) will be judged by 5 judges. The highest and lowest scores will be dropped before the score is calculated.
4. Scores will be given using the tenths system and scored using score cards. Scores will then be added to determine places. The score range is as follows:
 - Beginner: 6.0 – 6.9
 - Intermediate: 7.0 – 7.9
 - Advanced: 8.0 – 8.9
 - Black Belt (unless competing in youth advanced): 9.0 – 9.9
5. **Ties** will be broken in the following manner:
 - A. If there is a tie in an empty hand forms, competitors will perform the same form.
 - B. If there is a tie in weapon forms, the head judge will choose to either have the original form performed again, or give the option of competitors to choose another weapon form.
 - C. If two tied, judges will point to who they felt won the tie breaker. If three or more are tied, judges will score the competitors to break the tie.
 - D. Center judge may choose the option of dropping the high and low score on weapons ties to break a tie.
6. Places will be awarded for first, second, and third ONLY.
7. All weapons will be inspected by a judge before competition for safety and integrity of the weapon.
8. Traditional forms divisions must use true traditional forms consisting of real fighting techniques. Points will be deducted for techniques including, but not limited to, gymnastics-type moves, weapon releases, etc. Forward roll is considered acceptable in traditional forms.

9. Loss of control of weapon will result in score reduction. The amount of penalty will be determined by the judges based on the severity of the loss of control.

There should be more than just a light tap to the target area with a fully extended arm or leg. That will not be awarded a point. 12. In the case of a tie at the end of 2 minutes, the match will continue into sudden death/victory. The competitor that scores the first clean point, confirmed by the officials will be awarded the match. In the case of a violation (such as face contact in lower divisions), a point and the match will be awarded to the other competitor.
13. As the match progresses, officials will call break (with no stop in time). One point will be awarded when a majority of the officials confirm the point.

14. Takedowns are prohibited unless adult advanced and adult black belt divisions are fighting on mats (this will be made clear at the time of the tournament if mats are available). If the match allows takedowns, the takedown must be followed with a scoring technique. A clean takedown with a follow-up will be awarded 2 points when confirmed by an official.
