

RESOLUTIONS AT VALOE'S ANNUAL GENERAL MEETING AND ORGANIZING OF THE BOARD OF DIRECTORS

Valoe Corporation's Annual General Meeting was held on 20 May 2021 in Mikkeli, Finland. The AGM approved the 2020 financial statements and discharged the members of the Board and the President and CEO from liability for the financial year 2020. According to the Board's proposal, it was resolved that no dividend for the financial year 2020 will be distributed. It was also resolved that the loss for the financial period that ended on 31 December 2020 will be entered in retained earnings. The AGM approved the remuneration policy for Valoe's governing bodies. The resolution on the remuneration policy is advisory.

It was resolved that the Board of Directors will have four members. Industrial counsellor Hannu Savisalo, Ville Parpola, Tuomas Honkamäki and Iikka Savisalo continue as old Board members in the Board of Directors.

At its organizing meeting following the Annual General Meeting, Valoe's Board of Directors elected Hannu Savisalo as the Chairman and Ville Parpola as the Vice Chairman of the Board. The Board of Directors decided, due to the scope of the company's business, that it is not necessary to establish any separate Board committees.

The Annual General Meeting resolved that an annual remuneration of EUR 40,000 will be paid to the Chairman and to the Vice Chairman of the Board, and EUR 30,000 to the members of the Board of Directors. Further, travel costs will be paid to the Board members pursuant to the company's travel policy.

Auditus Tilintarkastus Oy was elected as the company's auditor and KHT Mikko Riihenmäki as the responsible auditor.

General Meeting resolved to authorize the Board of Directors to decide on a share issue with and/or without payment, either in one or in several occasions, including right to resolve on option rights and other rights entitling to shares pursuant to the Chapter 10, Section 1 of the Finnish Companies Act so that the number of new shares issued based on the authorization or number of shares issued based on option rights and other special rights entitling to the shares pursuant to the Chapter 10, Section 1 of the Finnish companies Act, could increase by a total maximum amount of 150,000,000 shares. The authorization does not exclude the Board's right to decide also on directed issue of shares or option rights and other special rights pursuant to the Chapter 10, Section 1 of the Finnish Companies Act. The authorization may be used for important arrangements from the company's point of view e.g. to strengthen the capital structure, to finance investments, for acquisitions and business transactions or other business arrangements, or to expand ownership structure, or for other purposes resolved by the Board involving a weighty financial reason for issuing shares or option rights or special rights entitling to shares pursuant to the Chapter 10, Section 1 of the Finnish Companies Act. The share issue may be executed by deviating from the shareholders' pre-emptive subscription right provided the company has a weighty financial reason for that. The authorization is in force until 30 June 2022.

The AGM discussed the Board of Directors' proposal, agenda item 17 in the Notice to the AGM, to authorize the Board of Directors to decide on option rights for a stock option scheme directed to the company's personnel, the Directors of the Board and CEO. Following the discussion, the Board of Directors resolved to withdraw the proposal. The Board of Directors will continue to prepare an incentive plan and will give a new proposal to an extraordinary general meeting later.

The CEO's presentation given at the meeting will be available on the company's website.
