

TLIF0009 – Ensure the Safety of Transport Activities (Chain of Responsibility)

OVERVIEW

Build the skills and knowledge to meet Chain of Responsibility (CoR) obligations under the Heavy Vehicle National Law (HVNL) and relevant state/territory regulations. You'll learn how the transport 'chain' works, the duties of each party, and how to identify and control risks so transport activities are carried out safely and legally.

COURSE CONTENT

Learners will develop the ability to:

- Explain the purpose and scope of CoR in the HVNL.
- Identify parties in the transport chain and their duties.
- Recognise common risks, breaches, offences and penalties.
- Apply practical controls to prevent CoR breaches (people, vehicles, loads, systems).
- Report CoR risks and incidents using workplace procedures.

DELIVERY & ASSESSMENT

This can be a **self-paced, self-managed course**.

Natwide also offer Face to face delivery scheduled training sessions.

Blended theory and practical activities. Assessment may include questioning, observation/demonstration, practical tasks and short written responses. A simulated or workplace environment reflecting real transport operations is required for the practical component.
