RE: Smoke Detectors, AC filters

Dear Owner,

Maintenance of your apartment is important. The Board would like to remind everyone now is a great time to make sure we are current.

Once a year replace the battery in the smoke detector. There are models of smoke detectors that have a 10-year battery. Test the unit to make sure that it is functioning.

AC filters. As a general practice change the filter once a month. Filters are available locally at Lowes. The AC unit itself requires regular service. It is recommended to service the unit annually. Service companies may offer service plans. And don't forget that flashlight. Change those batteries! We want it to work when we need it.

Members of the Board will be knocking on doors and checking with residents within 30 days of this letter.

Thanks for your cooperation.

Sincerely,
Board of Directors
Canterbury F Condominium Association, Inc.
