

Steppin' Out Dance Centre
Past and Present - Celebrating 30 Years of Dance
Annual Recital 2021

About the Videographer - We have a brand new videographer this year! Her name is Brittany Pace of Keeping Pace Video Production. Brittany studied Media and Theatre at USM. She is the daughter of a studio owner in Lisbon and has taught dance since her senior year of high school. She currently lives and works in New York City as the Video Manager for the Blue Man Group and works filming on Broadway.

Brittany returns to Maine in the spring to film dance recitals like ours. She also has a degree in dance education including ballet, jazz, modern, tap, and hip hop. She continues to study and teach dance while she pursues her career in media and videography.

We are so excited to have her capture our special day!
