Important

- J-1 visa insurance requirements mandate **continuous coverage for the entire duration of your program.**
- Coverage must begin no later than the "Program Begin Date" and must not end before the effective "Program End Date" listed on the DS-2019.
- EVs and their dependents must be **enrolled in a timely manner, before your program's start date.**
- Any requests to enroll after the program begin date is not allowed. We will not be able to backdate coverage.
- Failure to maintain USDOS insurance requirements for the J-1 scholar or J-2 dependents for the entire program duration will result in program termination. If an EV program is terminated, both the J-1 and J-2 must return to their home country immediately.

---	--

Copayments

A fixed amount of money paid out of pocket for a health care service.

The amount of the copay varies based on the type of service and is usually paid by you at the time the service is received.

Copayments do not apply to the Deductible or the Out-of-Pocket Maximum.	
Physician/Specialist Office Visit	\$100 per visit
Urgent Care Center	\$20 per visit
Hospital	\$250 per admission
Emergency Room Visit	\$350 (waive if admitted)

Out-of-Pocket-Maximum per period of Insurance

An out-of-pocket maximum is the most a person or family will pay for covered health care services in a year.

Once a person reaches their out-of-pocket maximum, their health insurance will cover 100% of eligible health care costs for the rest of the plan year.

Out-of-Pocket-Maximum per period of Insurance <i>The deductible does not apply to the out-of-pocket maximum</i>	In-Network: \$5,000 Out-of-Network: \$5,000

Exclusions and Limitations may apply. Please see your policy document for details.

Emergency Room vs Urgent Care

Copay \$20

Urgent Care facilities can **treat most illnesses or injuries**. They are usually staffed with a team of doctors and nurses and an appointment is not usually required. The cost associated with an urgent care facility is usually **much lower** than an emergency room when used for **non-life-threatening** conditions.

Copay \$350

Hospital Emergency Rooms should only be used in **medical emergency situations**. A medical emergency situation is where you reasonably believe that your **life or health would be jeopardized** if you are not in a hospital. Using an emergency room can be very **expensive**. If you are using an emergency room for convenience or for any reason other than a medical emergency, you may be responsible for higher out of pocket costs.
