

Georgia Elite Baseball

MISSION STATEMENT:

To provide a **“Have Fun...Work Hard”** atmosphere which focuses on teaching the youth of our community the technical, physical, and mental skills required to play elite baseball. Both on and off the field we will always emphasize character, discipline, honesty, accountability, and respect.

This is done so our youth may grow to become well-adjusted citizens who will have a meaningful positive impact on society. This is accomplished first and foremost by providing an enriched environment which is Christian character and value based. Secondly, athletes will be exposed to outstanding leadership from our coaches, as well as a vast network of accomplished community mentors.
