Premium Agricultural Supplies Supporting Organic and Conventional Farms

Organic Molasses

Our unsulphured organic blackstrap molasses is made from pure, mature sugar cane. Unsulphured means that the cane has been allowed to ripen naturally in the field. Blackstrap molasses is the darkest and thickest of all the different types as well as the most robust and strong flavor (sometimes it is described as slightly bitter). Blackstrap molasses is known to contain a significant amount of micronutrients including calcium, magnesium, iron and manganese.

Color: Dark brown syrup

Sizes Available/Prices:

Spindle Brix (1:1): Greater than or equal to 79.0

Invert Sugar: 10.0 - 25.0%

ATTRIBUTES

- Organic
- Non-GMO
- Gluten Free
- Kosher
- Stored in a SQF Certified Facility
- GloryBee is FSMA Compliant

STORAGE RECOMMENDATIONS

We recommend to store the organic unsulphured blackstrap molasses in a cool, dry, humidity controlled environment. The industry standard for shelf life is 24 months from date of manufacture when stored under recommended conditions.
