

## ECT JOB ANNOUNCEMENT

### JOB DESCRIPTION

The U.S. Division at East Coast Technologies is looking for a **Field Engineer** to **work at our job sites in Maryland and/or Virginia to ensure field operations are executed per the approved schedule, safely, and effectively by managing construction procedures, materials, equipment, and quality control.**

### Job Responsibilities

- Travel to ECT Project locations to provide hands-on support full-time.
- Records day-to-day reports and communicates progress with all stakeholders.
- Field Surveying areas of work and coordinating with ECT HQ for drafting permits and reports required by the projects.
- Conducts quality control and safety inspections.
- Monitors safety protocols, enforcing the use of personal protective equipment (PPE), and ensuring environmental regulations are followed.
- Maintains project records in the field with copy to ECT HQ archives.
- Maintains the Field Office and coordinates site utilization and material deliveries.
- Produces redline drawings to address installation issues and improve coordination.
- Reviews and updates of three-week look-ahead schedules for project controls.
- Schedule Field Inspections, Safety Meetings and QC three phases of control meetings.
- Attends Meetings with clients, subcontractors and ECT HQ.
- Compliance with federal, state, and local legal requirements by studying requirements; enforcing adherence to requirements; filing reports; advising management on needed actions.
- Contributes to team effort by identifying and resolving on-site issues using technical knowledge and creativity.

## Required Qualifications

- Bachelor's or associate degree in Electrical, Mechanical, Civil or related engineering fields
- 3-5 years of relevant experience working on construction projects
- Strong computer literacy, analytical thinking, and excellent communication skills are essential
- Proficient skills in reading and interpreting specifications, drawings, and building codes
- Extensive experience can sometimes substitute for a formal degree; it must be corroborated with references

## Work Hours & Benefits

- Working hours are Monday to Thursday from 6am to 5pm (with one hour break for lunch)
- Observance of Federal Holidays
- Medical insurance including dental and vision
- Bonus program based on performance

## Application Process

- Send the resume with cover letter to [nohora@eastcoasttechnologies.com](mailto:nohora@eastcoasttechnologies.com) or via our website at [www.eastcoasttechnologies.com/careers](http://www.eastcoasttechnologies.com/careers)
- Within a week, you should receive an email confirming your application is under review and will arrange an interview with you.
- One week after your interview, we will email you with a final determination confirming our intent to hire or decline your application.
