Dear Valued Customer

July 15, 2025

On Friday – June 13, 2025 Live Oak Nursery – Landscapes – Construction and Thompson Tree & Spraying Service, Inc had a massive fire that night. We lost the main building and the antiques and a few other things. But we are thankful that we are all ok but heartbroken over losing the main building.

We have moved our office to the Live Oak Construction office right next to the nursery. We are still up and running we have been since the fire. We are still doing landscaping – turf work – irrigation work – erosion work – tree work and construction work. We are still selling bedding plants – trees – shrubs – roses and all that is needed to do your landscaping.

Help us help you with all your needs. Please stop by or give us a call or email us
