Dear Bank,

Congratulations! I'm delighted to offer you admission to the University of San Francisco for the fall 2024 term as a Physics major in the College of Arts and Sciences. Your application materials distinguished you among the many highly qualified applicants we reviewed. We were impressed by your leadership as co-president of EPIC. Terrific!

A USF experience will bring learning and growth opportunities like nowhere else on earth. You'll be challenged intellectually, immersed in a diverse and supportive community, and inspired to change the world for the better — all hallmarks of a Jesuit education that prepares you to succeed professionally and personally. We can't wait to see what you do!

Academic English courses: Based on your English proficiency scores, you'll be required to take USF's English placement test before you start classes. Depending on the results of this placement test, you may have to take some Academic English (AE) courses at USF. All AE courses receive elective credit and will count toward your degree.

Please let us know if you'll be attending USF by completing the **Enrollment Decision** form on your [Dons Status Page](#). If you accept our offer of admission, you must submit a non-refundable enrollment deposit by **May 1**.

If you require an I-20 to study in the United States, it will be issued shortly after you submit your enrollment deposit to confirm your spot at USF.

This acceptance assumes that you continue your current pattern of intellectual and community achievement prior to enrollment at USF.

We'll be inviting you to upcoming events for admitted students soon, so please continue to check your email. In the meantime, see all your next steps at usfca.edu/welcome.

Again, congratulations on being admitted to the University of San Francisco! If you have any questions, please contact your assigned admission counselor Jason Opdyke at opdyke@usfca.edu.
