

CRANES & HOIST SOLUTIONS

Is more than just lifting... it requires precision and reliability.

New SIPCO's Compact Hoist Drive

Parallel Shaft - Helical Gearmotor in 5 sizes - IRC Series

- Torque 800 to 13,000Nm
- Ratios 24 to 198:1
- Lift ½ to 50 Tons / Drum Dia. 450 mm
- UniCase housing (GG20 Iron cast) / Inspection cover
- High Radial Load Capacity - Wheel Drive Flange

Lifting geardrives for:

- Bridge cranes
- Floating cranes
- Gantry cranes
- Port cranes
- Process cranes
- Custom drive solutions
- Hoist
- Trolley
- End trucks
- Transfer cars
- Power blocks

Experience

More than 35 years solving mechanical linkage solution

Engineering & Design

- Product selection and validation
- Drive system optimization
- Manufacturing of custom parts
