

■ LEGO® Serious Play® Playlist Guide

Recommended Music for Workshops

Music can play an important role in creating the right atmosphere for LEGO® Serious Play® (LSP) workshops. The right playlist encourages focus, flow, and creativity, while keeping the energy in the room calm and balanced. Below is a recommended playlist designed to support all stages of an LSP session.

Workshop Phase	Music Style	Purpose
Warm-up / Icebreaker	Light acoustic, upbeat instrumentals	Helps participants relax, settle in, and engage.
Building & Reflection	Ambient, soft electronic, gentle piano	Supports focus, creativity, and deep thinking.
Sharing & Storytelling	Soft background (low volume)	Keeps energy calm while participants listen and share.
Wrap-up & Debrief	Positive acoustic, mellow jazz	Creates a reflective and uplifting close to the session.

This playlist is a guide, not a rulebook. As a facilitator, feel free to adapt the music to your group's energy and the type of workshop you are running. The goal is always to create a safe, creative, and productive environment.
