

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
FAILURE TO COMPLETE CORRECTIVE ACTIONS
LUMBERPORT TOWN OF, WV3301714

Our water system violated State drinking water requirement. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation (See table below).

An on-site evaluation of our system is conducted on a regular basis. Results of the evaluation show significant deficiencies in our water system which must be addressed to the Office of Environmental Health Services-District Office. We did not correct these deficiencies by the required date and are therefore in violation.

What should I do?

There is nothing you need to do at this time.

Required Corrective Action	Corrective Action Required by:
Failure to correct significant deficiencies	1/1/2025

What happened? What is being done? (Describe corrective action)

Due to declining condition of the treatment plant, Lumberport
is working with Thrasher to become a purchasing system.
Funding is being secured and the project should be
completed mid 2026.

For more information, please contact Alan Westfall at 304.269.0072
