

# GAF TimberSteel™

Premium **Metal** Roofing System

GAF is changing the game with a new, modern way to go metal — the TimberSteel™ premium metal roofing system. Easy to install and more affordable than you imagine, it's durable, beautiful, and engineered to help protect your home for years to come.

We protect what matters most™

**GAF**

# It's metal remastered

Imagine a roof that's as enduring as the memories you'll create under it. That's the TimberSteel™ premium metal roofing system. It includes layers of protection, innovatively designed to help protect against the elements, letting you focus on what really matters — life inside your home.

The TimberSteel™ system is designed with the future in mind, featuring recyclable Timbersteel™-branded metal components.

# It's a metal roof that elevates style for today's value-minded customer

The TimberSteel™ system delivers the strength of tough metal with a versatile aesthetic that's easy on your budget. Available in a range of colors to complement your home, the TimberSteel™ system offers the durability, beauty, and performance of a metal roof without compromise.

The next generation of metal roofing is optimized to provide the strength of a metal roof with a price that's more affordable than you imagine. It's a seamless transition for homeowners who want a metal roof with captivating aesthetics.

# It's protection that goes the extra mile

Merging time-tested materials with cutting-edge technology, the TimberSteel™ system boasts an unparalleled limited warranty with an industry-leading 30 years of workmanship coverage when installed by a GAF Metal Certified contractor<sup>1</sup> and purchased with the TimberSteel™ ArmorPledge™ Limited Warranty.<sup>2</sup>

TimberSteel™ system components are protected against manufacturing defects for a lifetime.<sup>†</sup> Select TimberSteel™ system components are also eligible for a 15-year limited warranty against leaks caused by hail<sup>3</sup>, a 15-year limited wind warranty with no maximum wind speed limitation<sup>4</sup>, and a 30-year paint, finish, fade, and chalking limited warranty, on select colors, which is also provided in our TimberSteel™ Roofing System Limited Warranty.<sup>5</sup>

<sup>†</sup> Definition of Lifetime: The word "Lifetime" means as long as you, the original owner(s) [or the second owner(s) if coverage was properly transferred during the Smart Choice® Protection Period], own the property where the shingles and/or accessories are installed. The Lifetime warranty is applicable only to shingles and accessories installed on a single-family detached residence owned by individuals. For any other type of owner or building, such as a corporation, governmental entity, religious entity, condominium or homeowner association, school, apartment building, office building, or multi-use structure, the length of the warranty is 40 years.

<sup>1</sup> Contractors enrolled in GAF certification programs are not employees or agents of GAF, and GAF does not control or otherwise supervise these independent businesses. Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products. Your dealings with a Contractor, and any services they provide to you, are subject to the *Contractor Terms of Use*. Visit [gaf.com/gaf-contractor-terms-of-use](https://gaf.com/gaf-contractor-terms-of-use) for details.

<sup>2</sup> The TimberSteel™ ArmorPledge™ Limited Warranty may only be purchased from a GAF Metal Certified contractor. Additional requirements may apply. See limited warranty available at [gaf.com](https://gaf.com) for complete coverage and restrictions.

<sup>3</sup> 15-year limited hail warranty requires purchase of TimberSteel™ ArmorPledge™ Limited Warranty and covers the following TimberSteel™-branded components only: field shingles, hip & ridge cap shingles, eave drip edge flashing, and rake edge flashing. See TimberSteel™ ArmorPledge™ Limited Warranty, available at [gaf.com](https://gaf.com), for complete coverage and restrictions.

<sup>4</sup> 15-year limited wind warranty with no maximum wind speed limitation requires purchase of ArmorPledge™ Limited Warranty and covers the following TimberSteel™-branded components only: field shingles, hip & ridge cap shingles, eave drip edge flashing, rake edge flashing, and ridge vents. See TimberSteel™ ArmorPledge™ Limited Warranty, available at [gaf.com](https://gaf.com), for complete coverage and restrictions.

<sup>5</sup> 30-year paint finish coverage limited warranty covers the following TimberSteel™-branded components only: field shingles, hip & ridge cap shingles, eave drip edge flashing, rake edge flashing, and other metal components. All color variations with the exception of Rustic Red are eligible for 30-year paint finish coverage, and Rustic Red is eligible for 20-year paint finish coverage. See TimberSteel™ ArmorPledge™ Limited Warranty and TimberSteel™ Roofing System Limited Warranty, available at [gaf.com](https://gaf.com), for complete coverage and restrictions.

# Obsidian Black

Obsidian Black brings bold sophistication with a deep, rich tone that adds a touch of modern elegance to both traditional and contemporary home designs.

**Note:** Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

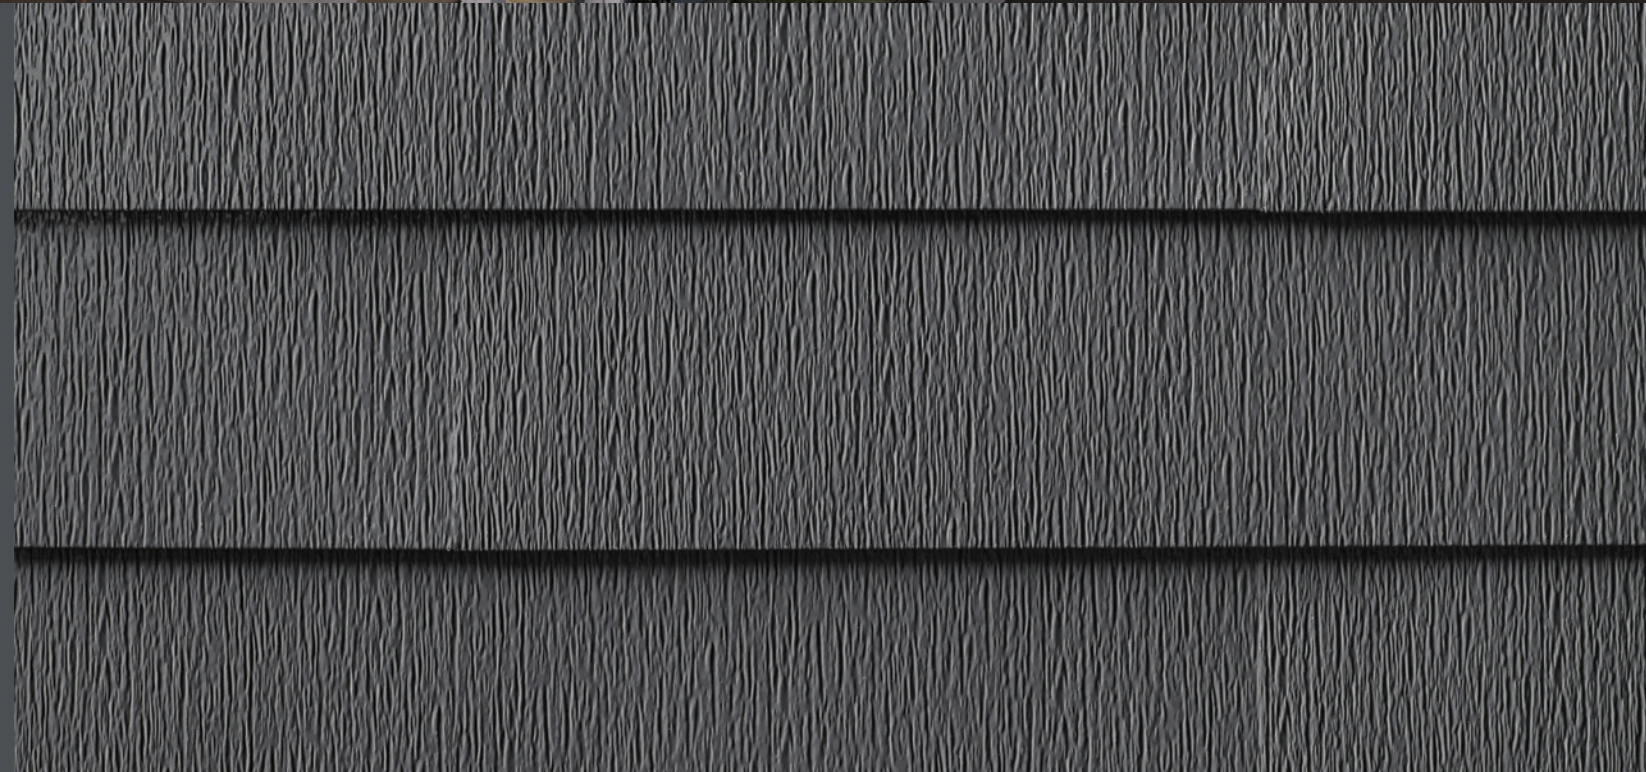

# Charcoal Gray

Charcoal Gray elevates a wide range of architectural styles. Its deep tone works exceptionally well with neutral color palettes while creating visual impact.

**Note:** Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

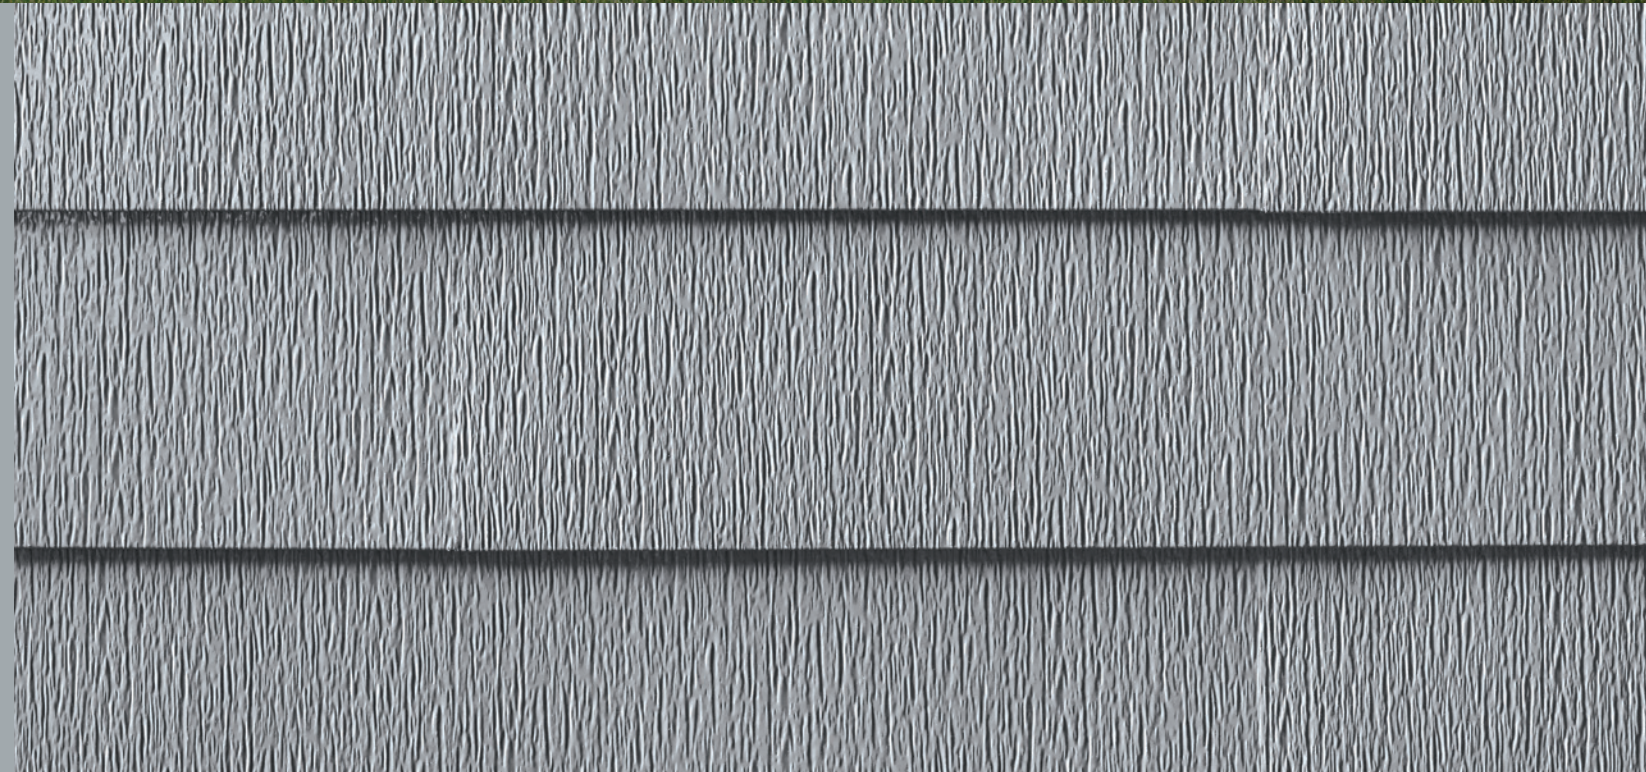

# Platinum Gray

Platinum Gray is a versatile and elegant choice, both eye-catching and timeless. Its sleek look is sure to coordinate with white and black, as well as brown and blue exteriors.

**Note:** Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

# Dark Bronze

Dark Bronze is a classic color that never goes out of style. Adding a touch of warmth to any home, it pairs well with a variety of siding colors, from neutrals to cool grays.

**Note:** Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

# Terra Bronze

Terra Bronze blends seamlessly with the surrounding landscape, creating an organic and harmonious look. It's a perfect choice for those seeking a more rustic aesthetic.

**Note:** Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

# Go bold with specialty colors

Nothing catches the eye quite like a TimberSteel™ premium metal roofing system. The distinctive look of a metal roof offers a unique opportunity for truly awe-inspiring color choices.

Black, gray, and bronze deliver strong and classic looks. But if you want your home to express standout beauty, choose a TimberSteel™ system in red, green, or blue. These specialty colors express a gorgeous aesthetic that energizes and excites every time you lay eyes on it.

## Rustic Red

Reminiscent of old-world architecture, Rustic Red charms with its warm and inviting spirit. It works well with other warm colors, including light and dark browns.

Note: Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

# Evergreen

This serene, harmonious color evokes the spirit of nature. It's ideal for a white or earth-colored exterior.

Note: Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

# Mariner Blue

This peaceful, cool tone captures serenity with a hint of Mediterranean flare. It pairs well with other cool tones, including grays and tans.

Note: Due to the effect of varying lighting conditions on the color and texture of this product as well as the limitations of the commercial printing process, the appearance of your TimberSteel™ roof will vary considerably throughout the day and night as well as from the photos depicted in this brochure. Always view actual product samples under different lighting conditions before selecting a color.

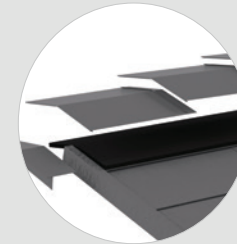

# It's a system, built to protect

TimberSteel™-branded metal components of the roofing system combine the high-performance qualities of steel, aluminum, and zinc with innovative GALVALUME®, engineered to deliver strength and style to your roofing system.
