

# **E.D. ANGUS**

## **22ND ANNUAL PRODUCTION SALE**

**SUNDAY • MARCH 20, 2022**  
**AT THE RANCH • ASHBY NE**

# E.D. ANGUS

Dear Cattle Producers,

Welcome to our 22nd Annual Production Sale. We appreciate your interest in our operation and the genetics we have developed since 1993.

We are pleased to offer you this set of thick, stout bulls and commercial heifers. Several of the bulls will work on heifers and we are also offering our herd sire Beck County 7202, for sale. We have used him exclusively on heifers the last three years, with the number of daughters we have, it is time he finds a new home. He's an extremely dependable calving ease sire, we've never assisted a heifer that he has bred.

Our sale location has moved to the east side of Ashby, in Grand Dad Albert's meadow. There will be signs on Main Street, directing you to that location. Since we have grown the bulls on the meadow for the second year, we felt it was just easier on the livestock to not have to move them so many times.

The commercial heifers have already received their pre-breeding shots and are bangs vaccinated. Eight of them are half sisters sired by Kraye SIR JK 7862, his nickname here at the ranch is KB 1, (Kraye Bull 1). That bull is a breeding machine, highly fertile and we would expect his daughters to be the same. His first daughters calved in 2021 and their calves were on the top end of the weaning weight results. For heifers born in March and April, they had a very respectable average weaning weight of 627 lbs. They are a genuinely nice set of females.

As always, you can find updates on our website [www.edangus.com](http://www.edangus.com). We've recently redid the website and are very excited to have a more easily manageable site. Many thanks to our young friend Kaitlyn Fishgrab who has brought our vision of the new site, to life.

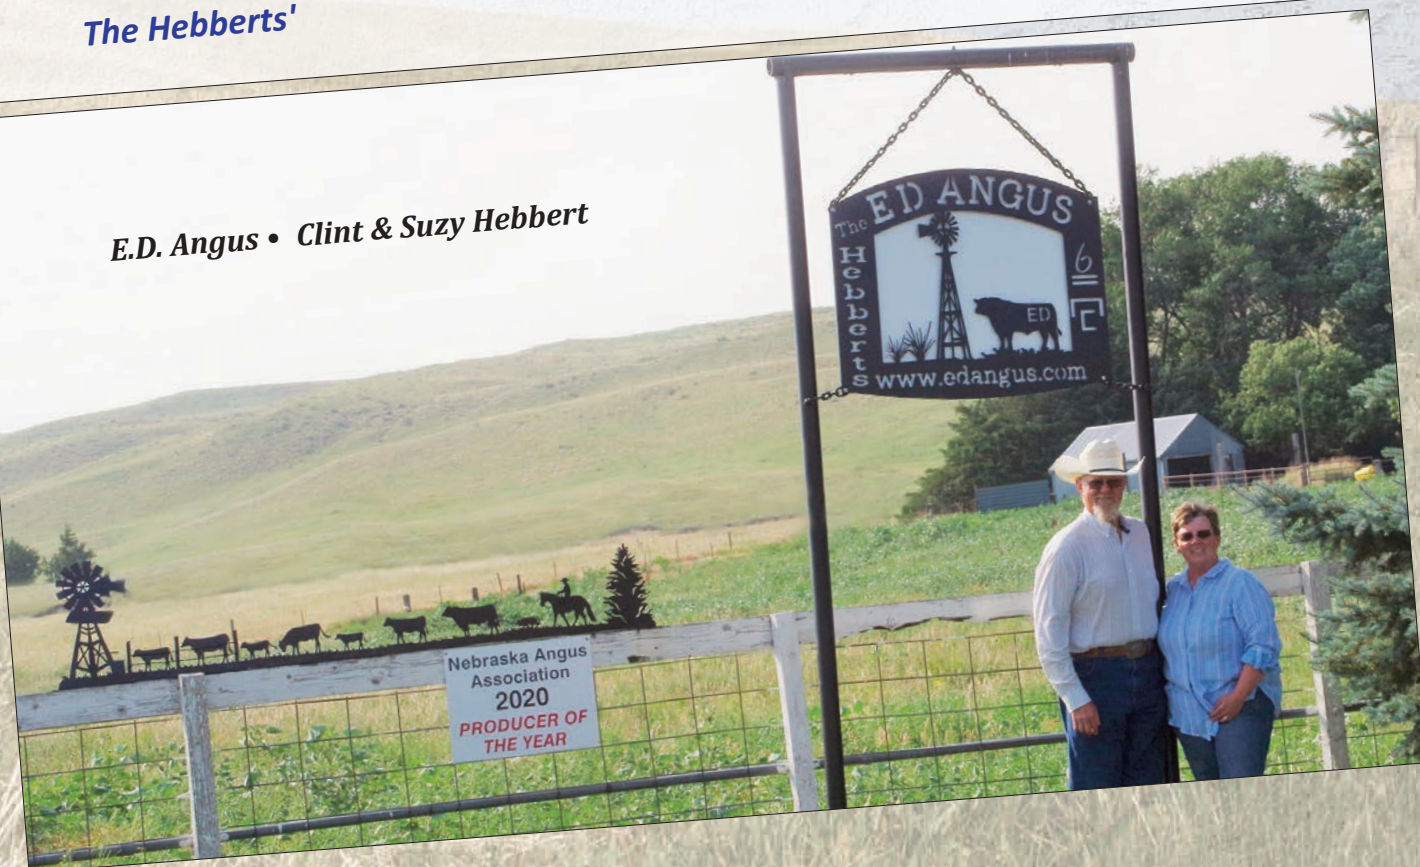

If you have any questions on this year's offering, please don't hesitate to call us. We always welcome the opportunity to visit with you about your herd's needs. We look forward to seeing you on sale day.

Sincerely,

**The Hebberts'**

E.D. Angus • Clint & Suzy Hebbert

**Buyer Representative • Kirk Otte • (308) 207-0616**  
*(Buyers unable to attend may send their bids to representatives listed above)*

### Announcements:

Announcements from the block on sale day take precedence over the catalog.

### EPD's & Our Website:

The American Angus Association now updates EPD's weekly. The information printed in this catalog is as of March 1, 2022. We will also post yearling data and scrotal measurements for each bull and registered heifers once weights and measurements have been completed prior to sale March 20, 2022 on the website, [www.edangus.com](http://www.edangus.com). ALL BIRTH WEIGHTS PRINTED IN THIS CATALOG ARE ACTUAL SCALE WEIGHTS.

### Registration papers:

Registration papers will be transferred to the bull buyer at no cost to the buyer.

### Calving Ease:

In the information for each lot, we have marked those bulls which we think will work on heifers.

### Terms & Conditions:

All bulls sell under the terms & conditions of the American Angus Association.

### Herd Health:

All bulls and heifers are BVD negative. All cattle have received the following: Alpha 7 at birth; at branding they received Enforce 3, Nasagen PMH and Multimin injection. Preconditioning the cattle received Bovishield Gold Oneshot, Vision 7, Dectomax and Multimin injections and Permetcin pour on. Heifers have been Bangs vaccinated and received Titanium 3 in January.

### Retaining Interests:

E D Angus is retaining 1/3 interest in all bulls sold, unless otherwise stated in catalog or on the block. This does not restrict the buyers use since bulls sell with full possession. Very few bulls will actually be collected and when it does occur, we will work with the buyer at their convenience.

### Wintering & Delivery:

We'll provide free delivery up to 150 miles radius of Ashby. Bulls will be wintered until April 1st, heifers will be delivered the week after the sale. No boarding of bulls or heifers available after April 1st, 2022.

### Liability:

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or the safety or behavior of the animals. The owners and their staff assume no liability for property loss or any accident that may occur.

### LOSS OF USE/MORTALITY INSURANCE OR BREEDING SEASON GUARANTEE

E D Angus bull buyers will have their choice of the Accident, Sickness, Disease-Infertility insurance coverage (Option 1, Option 2, Option 3 or Option 4) coverage OR the published Breeding Season Guarantee listed on page 2.

E D Angus will pay 1/2 the cost for the option the buyer chooses: Option 1 (3%), Option 2 (5%), Option 3 (6.25%) or Option 4 (8%) of the purchase price, the remaining equal percentage will be added to the buyer's invoice, if the buyer chooses the insurance coverage over the breeding season guarantee.

The policy will be in effect for one year from the date of purchase. A representative of Martin Trudeau insurance will be available on sale day to answer questions on coverage.

[www.martin-trudeauinsurance.com](http://www.martin-trudeauinsurance.com)

1531 W Elm Ave • PO BOX 487  
Mitchell, SD 57301

### LIVESTOCK INSURANCE

- [ ] **OPTION 1: All Risk Mortality (ARM)-100% Indemnity** *Bulls & Females 10% of purchase price*  
Livestock Mortality Insurance is extended to indemnify the livestock owner for loss as a result of the death of an animal from natural causes, disease, accident or humane destruction to alleviate incurable and inhumane suffering resulting from a covered peril. Short term policies available: 30 day, 90 day, 6 months.
- [ ] **OPTION 2: ARM + Accidental External Injury (ACC)-80% Indemnity** *Bulls Only 10% of purchase price*  
Mortality coverage plus coverage for injury causing Permanent Infertility (broken penis or stiffler).  
*Requires a current Veterinary Certification (not over 30 days old).*
- [ ] **OPTION 3: ARM + Accident Sickness & Disease Infertility (ASD)-80% Indemnity** *Bulls Only 12.5% of the purchase price*  
Mortality Coverage plus coverage for injury causing Permanent Infertility (broken penis or stiffler). In addition to coverage above, this also includes Total and Permanent Infertility (fever or infection causing infertility or disease).  
*Requires a current Breeding Soundness Evaluation (not over 30 days old).*
- [ ] **OPTION 4: ARM + Comprehensive Infertility (COMP)-85% Indemnity** *Bulls Only 16% of purchase price*  
Covers all of the above, plus Frozen Testicles, Testicular Degeneration and infertility caused by abnormalities. Also pays 20% of insured value for temporary infertility of 21 days or more. This does not replace the Breeder's Guarantee.  
*Requires a current Breeding Soundness Evaluation (not over 30 days old).*

ALL OF THE ABOVE COVERAGES ARE SUBJECT TO APPLICABLE DEDUCTIBLES AND/OR COINSURANCE, MINUS SLAUGHTER VALUE.

### E D Angus participates in the Maternal Plus Program

*MaternalPlus provides Angus breeders and their customers the information they need to make effective selection decisions. It's a voluntary, inventory-based reporting system designed to capture additional reproductive trait data and, ultimately, expand reproductive and lifetime productivity tools.*

**Visit AAA Login or contact the Association for more information**

## BREEDING SEASON GUARANTEE

All bulls selling for \$4,000 or more will be covered 50% by E.D. Angus, if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

Fifty % of the value of the injured bull, minus any salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to animal being sold for salvage. A copy of the sales receipt must be received by E D Angus to receive proper credit. All claims must be made by September 1, 2022.

*Example 1:* A \$8,000 bull is injured and will not heal. A credit of \$4,000 minus any salvage value will be given the buyer.

*Example 2:* A \$4,000 bull is injured and will not heal. A credit of \$2,000 minus any salvage value will be given the buyer.

*Example 3:* A \$3,900 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

This is not a mortality policy. Nor does it cover mismanagement or neglect. Should you desire additional coverage, mortality coverage can be arranged through Martin-Trudeau. We urge you to buy mortality insurance on all bulls sold here at E D Angus.

We selected "County" in April 2019, specifically to use on our heifers following A.I. He's done a tremendous job on our heifers, we've never had to assist one in giving birth to date. His calves are shaped right, come early and easily. Since we've got three calf crops of his daughters, it is time that he finds a new home, and we know he's still got lots of time left to breed some of your heifers.

Justified offers a unique combination of calving ease, growth and carcass quality, with very good docility and heifer pregnancy rates. While his sons are impressive, his greatest attribute are his broody, easy keeping daughters. We were so pleased his calves that we followed up with using him on our heifers that are calving in 2022. He is appreciated as a sire of body mass, muscle, foot and udder quality all in an attractive phenotypic package. We would keep any of these Justified sons to work in our herd.

We selected Payweight as one of the top selling bulls in the 2017 A & B Cattle sale. He sires easy fleshing moderate framed cattle. His WW EPD is in the top 25% & \$M ranks in the top 15% after 4 calf crops, yet his YW EPD shows that he's able to keep progeny mature size in check. He was injured this fall in bull pen ruckus and went to town as the injury was not going to heal. 2022 will be our last calf crop from him.

We selected this bull in the 2018 Kraye sale. He has turned out to truly be a "diamond in the rough" as it states in his pedigree. His first daughters came into production last year and they raised some awesome scale crushing calves. "KB 1" as we refer to him, is a breeding machine. Running in a single bull pasture the last two years, he is great at catching late calving cows back up to the main part of the herd. He's got a great disposition, and we're really looking forward to getting all of his daughters into production.

We selected Abundance or "KB 2" as he's known here at home, as the second high selling bull of the 2020 Kraye sale. A quiet bull who seems to get the job done. We're anxious to see what power he leaves in his progeny.

# YEARLING ANGUS HEIFERS

*We are offering 10 commercial heifers, eight are half sisters, sired by Kraye SIR JK 7268. In the table below, you will find the heifers listed oldest to youngest, and sire and maternal grand sires are listed where possible. We have also listed their actual weaning weights taken on October 18, 2021. In the photo, they are still wearing their calf hood tags with their dam's I.D. numbers. They will carry new tags by sale day and the table reflects both the tag numbers in the photos and their new tag number. These heifers are very functional and should fit in anyone's breeding program. The heifers are Bangs vaccinated and have received their pre breeding vaccinations in January, and are ready to go. Please call us if you have any questions.*

# 2021 NEBRASKA ANGUS TOUR

*On October 2nd, 2021, we had the opportunity to be featured on the annual Nebraska Angus Association annual tour. We built our display around our donor cow E D Erica 910 (Reg # 16500344). She was on display, along with four of her bred daughters (both ET and natural born) and two of her bull calves, one natural born in the spring of 2021 and also an ET bull calf, born in March 2021. What an honor to be able to present our program to the tour attendees.*

*We're grateful to these financial sponsors who helped make our tour participation a reality.  
Sandhills State Bank • JC Ranch Designs • Sheridan Livestock Auction • Bolek Bilt Welding and Fabrication  
Sheridan County Farm Bureau (Bassegio Agency) • Dyer Feed Inc • Hyannis Vet Service  
Bull Barn Genetics and Cedar Top Ranch.*

*Our donor cow E D Erica 910 at 12 years of age*

*Bred replacement heifers, daughters of our donor cow  
E D Erica 910*

*Weaned bull calves on display*

*Our newest herd bull J D Ashland 016 at  
Western Sire Services tour stop*
