

SPIRITUAL ISSUES WE ADDRESS IN A SESSION

Auric Field Cleared

We cleanse and refresh your auric field removing stagnant, heavy, or intrusive energies that can cloud your mood, drain your vitality, and affect your spiritual clarity.

Malevolent Entities Removed

Entities that attach and feed on fear, trauma, or energy are compassionately released and removed from the client's field. This often leads to greater mental clarity, peace, and emotional freedom.

Negative Cords Removed

Energetic cords from past relationships, toxic connections, or unresolved emotional ties are safely cut and removed—creating space for healing, independence, and fresh energy.

Inter-Dimensional Parasites Removed

These lesser-known but highly disruptive entities feed off emotional distress or spiritual disconnection. They are removed and energetic boundaries reinforced to prevent return.

Soul Fragmentation Retrieval & Reintegration

When trauma or shock causes parts of the soul to fragment, we locate, retrieve, and gently reintegrate those lost aspects—helping restore wholeness and personal power.

Chakras Cleared & Aligned

Each of the seven main chakras is checked, cleared of blockages, and brought into alignment allowing for better energy flow, emotional balance, and spiritual connection.

Spirits Removed

Earthbound spirits or discarnate souls that may be attached to the client are gently released and guided to the light, allowing both the client and the spirit to move forward in peace.

Portals (Ethereic & Property) Closed

Unwanted energetic portals in the aura or home can be sources of spiritual interference. We detect and close these openings to restore energetic safety and harmony.

Negative Thought Forms Cleared

Accumulated negative emotions or obsessive thought patterns can take on energetic form. These are dissolved and cleared, restoring mental clarity and emotional ease.

AI Interference & Implants Removed

We assess & clear the client's etheric field for any non-organic or artificial energetic interference that may be disrupting mental clarity, emotional balance, or spiritual sovereignty.
