Our Story

Burloak Indoor Golf opened in 2020 with a vision to create a great place to play, learn and enjoy the game. From the beginning, we've continued to grow, improve and look for new ways to make the experience better.

When we moved into our new home in 2025, we had the opportunity to create Casey’s Clubhouse, a unique space designed to be enjoyed by everyone, whether they were here to play golf or not.

Today, Casey's is more than just a restaurant or bar. It has become a gathering place for friends, families, teams and events. With great food, drinks, games and golf all under one roof, Casey's is a place to eat, play, celebrate and spend time together.

Led by Head Chef Daniel, we focus on fresh, quality ingredients, sourced locally whenever possible. From sauces and dressings to many of our recipes, we take pride in making more of what we serve from scratch, right here at Casey’s.

Whether you're joining us for lunch, dinner, golf, a celebration or simply a drink with friends, we're glad you’re here.

Good Food. Great Times. Always at Casey's.
