What would you do for LGBTQ+ people in your political area?

I would not treat anyone any different. In my professional career as a dry cleaner, I treated everyone the same . If elected I would do the same , treat everyone equally, doesn't make a difference to me whatsoever. I would be a voice of reason and listen to all citizens.

What would you do to for LGBTQ students?

Same answer as above .

How would you vote on policies or laws regarding books in schools with LGBTQ+ characters?

This is not in the scope of work as a Monroe City Councilman. Library is owned and run by the County , not the City of Monroe. Same for schools, built and owed and funded by the County and run by the elected Union County School Board

Would you vote for a policy or law similar to the Florida Don't Say Gay Bill or NC HB 755 at the school, state, or other government level?

Don't know about this bill.

Please explain your answer.

Would need to research this , have zero knowledge.

Would you vote for a city, state, or state anti-discrimination ordinance or law that covers the protected classes including sexual orientation and gender identity (LGBTQ+) people?

Yes

Please explain your answer.

Absolutely, I don't believe in any discrimination at all .

Please explain your answer.

This issue has been settled by the US Supreme Court. Nothing to do with the City of Monroe

Please explain your current and past actions towards the LGBTQ+ community.

Have close family members and good friends that are gay and lesbian, and love them like anyone else . Just not an issue or concern for me .

Please tell us anything else you would like the public to know about you and the LGBTQ+ community.

Will be out of town for anniversary so can't attend , but thanks for the invite sincerely Parker

I plan to attend the Candidate Meet-up.
