

I have searched the internet for the resources needed for a meal locations file. I have verified each one of these to ensure that they are all valid. With the city buses having free rides, it would be fairly easy to travel to these locations to be able to get a meal if you have no other resources to eat that day. If you know of other meals sites and would like to share them with us, please visit our website at givingathomeoutreach.org and click on the link to send me an email. Thank you!
