Retreat Introduction

MIDL Insight Meditation: MIDL (Mindfulness in Daily Life) is a Buddhist Insight Meditation practice, based on Theravada Buddhist Suttas, designed for daily life. MIDL uses the development of samatha (relaxation, calm, tranquillity) as a foundation for vipassana (insight) into anything that hinders the development of samatha during seated meditation, walking meditation and daily activities.

Because of curiosity toward the integration of samatha-calm and vipassana-insight, and its low levels of meditation induced dukkha (suffering), MIDL has the advantage over other retreat practices, of being able to be continued outside of meditation retreats in family and work life.

MIDL Teachers: Join MIDL teachers Stephen Procter, Monica Heiser, and Krister Trangius in a 9-day online MIDL Insight Meditation Retreat hosted on zoom. Because of the location of our three teachers, the online retreat runs 24hrs per day with group activities (GA) and group meditations (GM) that you can join in online at any time throughout the day. This Retreat is a special opportunity to withdraw from the business of everyday life and deepen your experience of calm & insight practice in the Theravada Buddhist Insight Meditation Tradition.

Retreat: There are three options for this retreat:

1. **Full Retreat (FR)** means following the 9-day schedule, with the option of joining daily retreat Online group activities and private interviews with a teacher.
2. **Working Retreat (WR)** means organising your time to meditate mornings and evenings while still working while being mindful in daily life, with the option of joining daily retreat Online group activities.
3. **Drop in Meditator** means that you are welcome to join any of the daily retreat Online group activities online as displayed in the MIDL Class Calendar.

Online Meetings: The retreat will include online group meetings all held on [ZOOM](#) throughout the day including Online group sharing, Qi Gong, Dhamma talks, and Optional interviews (separate Zoom link).

Private Interviews: The first 27 Meditators registered for the Full Retreat (FR) will have the option of booking 3 x 15-minute interviews with a MIDL Teacher. Full Retreat (FR) students who select Yes in the question on interviews in the retreat registration form. An optional 2 x 40min group interviews are being offered for meditators doing a Working Retreat (WR) who select Yes in the question on interviews in the retreat registration form. This is supported by two daily group Q&A opportunities. Both (FR) & (WR) meditators will **be emailed interview times** appropriate for their time zone **closer to the date of the retreat**. These interviews are support by two online Group Sharing sessions set 12hrs apart where you can also ask for guidance from a teacher on your practice. Please note, to respect the teachers time, if you miss an interview and did not let the teacher know ahead of time that you could not make it, you will forfeit your remaining interview sessions.

Retreat Schedule: In this PDF we have included a retreat schedule for you to printout. This schedule has three versions: US EDT, Europe CEST, Australia AEST. In each of these schedules you will find certain activities with (G) next to them. This signifies that this is an Online Group Activity (G) held online. If you have signed up for private interviews, an interview time will be sent to you closer to the retreat start date. The full 24hr retreat schedule will also appear in the MIDL Google Calander, in your time display, closer to the starting date.

Teacher Support: Dana: There is no formal charge for this 10-day MIDL Insight Meditation Retreat, as Stephen, Monica and Krister are offering their time preparing this retreat and teaching it, as a gift to you in the spirit of dana (generosity & letting go). As the receiver of a gift, you also have the option to support their work by donating toward the time they have spent preparing and, on the retreat, using the PayPal links below.

- Stephen Procter: [Donate with PayPal](#)
- Monica Heiser: [Donate with PayPal](#)
- Krister Trangius: [Donate with PayPal](#)

It is important to note that there is not expectation to donate, and no one will be turned away or judged in any way. Entering the relationship of the gift with these Dhamma teachers is a movement and letting go of the heart.

Preparing for Your Retreat: It is important to create the conditions for your retreat beforehand. Since it is an online retreat there will a few times each day when you will have the option to join in on a video call for Dhamma talks, interviews and Online group activities. Making sure you tie up all loose ends before beginning your retreat, and making a pact to be with yourself, let the world take care of itself for this time, is important. Pre-shopping and partially preparing food can be helpful.

For fulltime retreatants you can use your home, or even better, remove yourself from that environment to a short-term holiday rental. Creating a set meditation space with a Buddha statue, and an area to use as a walking meditation track nearby is perfect, with a camera, is ideal.

Lights, camera, action: We recommend doing a dry test run in setting up your camera, microphone and joining [ZOOM](#) before the retreat. When setting up your camera, it is helpful to think of the framing of the image as compared to taking a photo – it's all about framing and light. Your microphone should always be muted except when a teacher signals you to share. A background image can be setup in ZOOM for privacy in your home. It is polite to leave your camera on during Online group sessions and interviews. Becoming familiar with all of this, and checking that is it working before starting time, will give your mind one less thing to think about.

MIDL Retreat Structure: MIDL is a samatha-vipassana meditation practice. MIDL uses the cultivation of samatha-calm, to reveal the hindrances to calm, for vipassana-insight. Hindrances are experiences like restlessness, mind wandering, forgetting, dullness and doubt that hinder our ability to develop relaxation and calm. MIDL Insight Meditators approach these hindrances with kindness, openness and curiosity.

Meditation in MIDL is divided into three equally important areas: Seated meditation, walking meditation and mindfulness in all other activities. The secret is to approach your retreat in a relaxed way, not in a rush to get anywhere, and use that time to clearly observe your mind, body and your relationship toward your present experience. MIDL Insight Meditators follow a simple formula: **Ground > Observe > Soften > Smile > repeat** if need, to relax any habits of their mind to desire or push away what they are experiencing. Momentum in [GOSS](#) leads to happiness in disenchantment and letting go, that gains momentum toward Awakening.

Metta Chant Translation.

By this practice in accord with the true dhamma, I honour the Buddha.

By this practice in accord with the true dhamma, I honour the Dhamma.

By this practice in accord with the true dhamma, I honour the Sangha.

May I be free from enmity/danger;

may I be free from mental suffering;

may I be free from physical suffering;

may I take care of myself happily.

May my father and mother and teachers, relatives and friends and fellow brahma farers, be free from enmity, be free from mental suffering, be free from physical suffering, take care of themselves happily.

May all yogis in this grove, be free from enmity, be free from mental suffering, be free from physical suffering, take care of themselves happily.

May our guardian deities, in this temple, in this dwelling, in this grove,

May the guardian deities be free from enmity, be free from mental suffering, be free from physical suffering, take care of themselves happily.

May all beings, all living things, all creatures, all individuals, all personalities, all females, all males, all both female & male, all neither female nor male, all noble ones, all who are not nobles, all deities, all humans, all those in unhappy states,

be free from enmity;

be free from mental suffering;

be free from physical suffering;

take care of themselves happily;

may they be free from all suffering;

may they enjoy safety and abundance;

have kamma as their true property.

May this merit of ours be shared with all beings. Well said, well said, well said ...
