**A product of Outside the Box Technologies LLC**

Fast, Efficient, Remote

- **Getting the data from your instruments anywhere, anytime has never been easier.**

- **Works on any device with a browser (PCs, Tablets, Smartphones)**

- **No annoying apps to install.**

- **No complicated IT changes needed. Simple plug-and-play solution.**

- **View your data in many types of visual formats (Gauges, Graphs, Grids)**

"If technology makes life harder, you are doing it wrong."

Automatic Updates

- Real-time updates every minute. View your data in many visual formats (Gauges, Graphs, Grids)

- Add up to four levels of alerts, notifying you via SMS and/or E-mail when an instrument is too low or too high.

Tank Group A

Tank 1 — 5,259 USG
Tank 2 — 4,787 USG
Tank 3 — 5,910 USG
Tank 4 — 5,007 USG

Tank 1 — 4,338 USG
Tank 2 — 5,274 USG

Alarm Contact Group

☑ **Alarm Active?**

☑ **Alert By Email?**
☑ **Alert By Text Message?**

Unit Group Settings

Group:

Tank Group A ⌄

[Create New Group] [Delete Group]

Unit Color:

🟦 #2986cc

Size:

10000

Minimum Alarm Level 1 (Low):

3000

Minimum Alarm Level 2 (Low Low):

1000

Maximum Alarm Level 1 (High):

6000

Maximum Alarm Level 2 (High High):

8000

Measurement Unit:

USG ⌄

- More than just tanks. You can monitor pressure, temperature, weight and any other value from your devices in the field.

- Capacity, color, alarm settings, measurement unit and much more.

- Create unlimited accounts with admin or read-only permissions.
