# November 13th Board Meeting – Pickleball Committee Report

- League Play is coming to an end 11/15/25 for both Men and Women's league

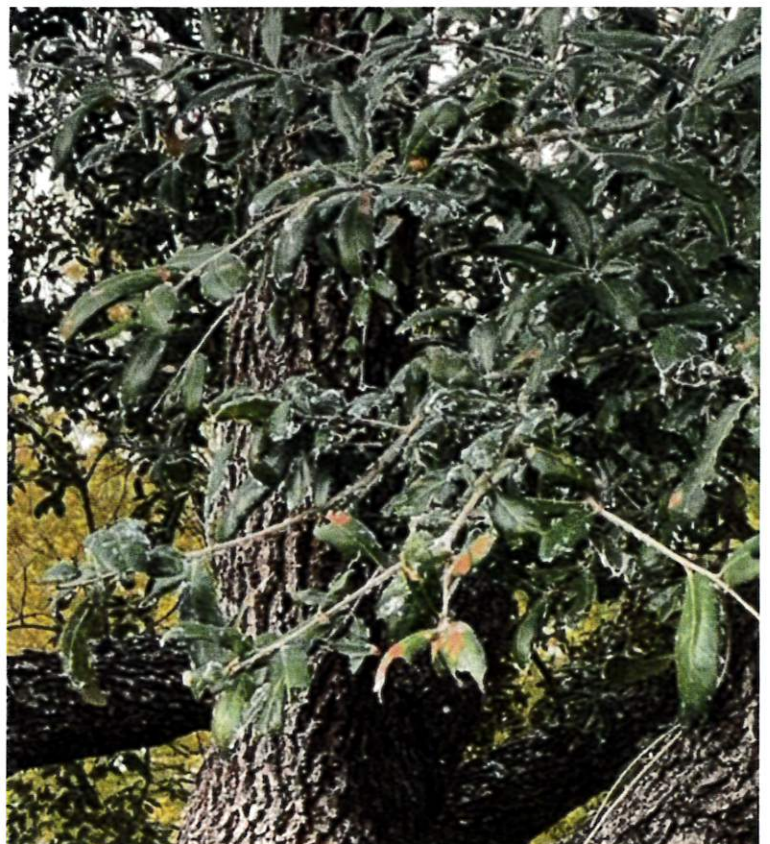

- Thank you to Danielle P. 's committee for Pool bathroom cleanliness. Minimal effort required in preparing bathrooms for our Home League play games.
- Oak trees were attacked by Wolly Aphids at Park Cypress on East side of the courts. Big thank you to Kathy B. for quick response in helping address the issue.

**Wolly Aphid**

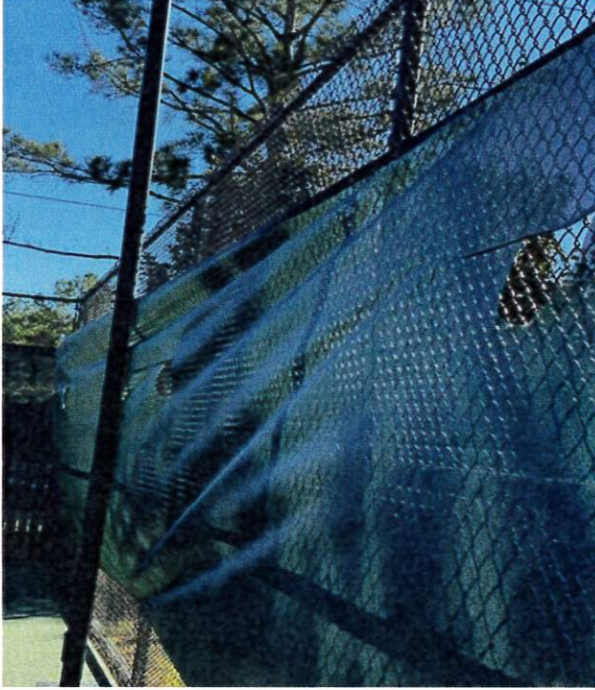

**Tree View Before the treatment**

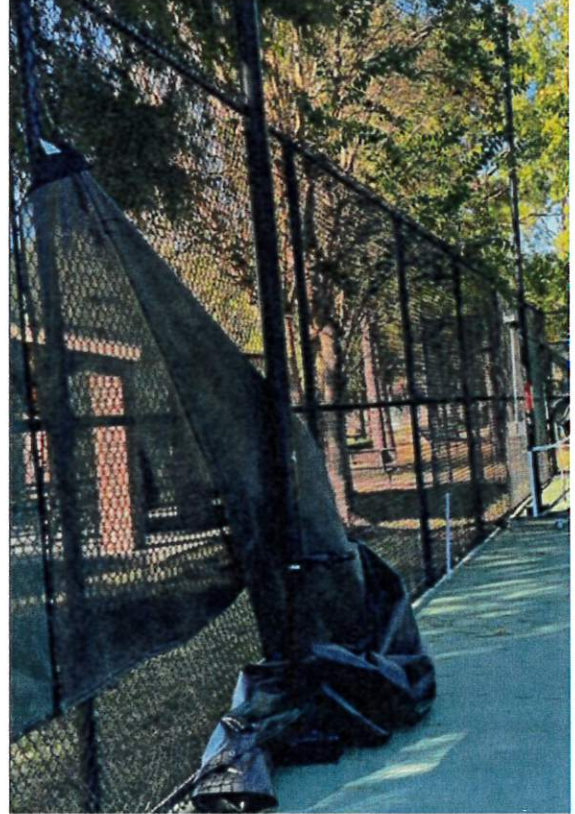

- Tuesday, October 21<sup>st</sup> wind storm blew zip ties off in SE, SW, NW wind guards. On October 30<sup>th</sup> the Thursday evening open players helped add zip ties to wind guards.

**SW Court: After wind storms**

**NW Court: After wind storm**

**SE Court: After wind storm**

- In Oct & Nov we have had several incidents of SUV drive by at the Park Cypress Courts shouting profanity. Reports have been made to the constable.
- In respect to past response regarding court use on Tuesday and Thursday open play evenings. We understand and respect the “first come, first serve” policy; however, we’d like to request reconsideration of how it applies in the following specific situation.

Pickleball players currently have access to only one designated area—Cypress Park—while tennis players have three available courts at Geri Ayers. When tennis players occupy Cypress Park court during our evening open play times, it effectively displaces 16–20 pickleball players who have no alternative location to play. Meanwhile, tennis players still have multiple courts available at Geri Ayers.

We believe that allowing pickleball players to retain access to Cypress Park courts on Tuesday & Thursday Open play evenings when tennis courts are open at Geri Ayers, would help **ensure fair and balanced access for both groups.**

This small adjustment would support the growing pickleball community while maintaining equitable use of shared facilities.

We are very fortunate to have access to the pickleball courts at Cypress Park and appreciate your consideration in this request and are happy to discuss possible scheduling or coordination options that work best for everyone.
