Suite 310
Houston, Texas 77084

Referral #: 180481

Dear Ms. Esteban:

Thank you for your letter requesting the installation of multi-way Stop signs on Allview Lane at Megans Way in the Green Trails Park subdivision. We appreciate your patience during our review and regret the length of time taken to complete it.

The Harris County Engineering Department (HCED) conducted a formal study at the aforementioned location in accordance with the 2011 Texas Manual on Uniform Traffic Control Devices. HCED made a site visit, conducted traffic counts, reviewed the roadway network and crash records. HCED found no visibility restrictions and sight distances exceed design standards. Traffic volumes and intersection crash experience do not meet minimum warrant requirements to warrant multi-way stop control at this intersection. Based on the traffic conditions observed at this location, multi-way stop control is not warranted or recommended at this intersection at this time under their guiding rules.

Again, thank you Ms. Esteban for bringing your request and concerns to our attention. Should you have any questions or need additional information, please feel free to contact me in the Community Assistance Department at (832) 927-4444 or visit our website at www.hcp4.net.

Sincerely,

Ron Layton
