LOOKING AHEAD

We'll have a few board member positions open next year. To keep the Promoters strong, we need parents who are willing to share in this responsibility. Shadowing a current board member this year is a great way to learn the ropes and see what's involved.

If you've ever thought about stepping into a bigger role in supporting our students, now is the time! Please let us know if you're interested – your leadership can make a lasting difference for the music program.

WHY?

We're a parent-run nonprofit group that exists to enhance and support our students' music programs. Every parent with a student in the music program is already a Promoter.

Together, we raise funds, provide volunteer support, and create opportunities that directly benefit our kids' musical experience. We'd love to see more parents join in – even small contributions of time or resources make a big impact.
