Strategies to increase GP registration and member participation: brief discussion of face-to-face meetings, including possible locations, hybrid with zoom; Sara B. offered potluck at a park where we can be there texturally with energy, excitement and fun.

Next General Meeting is October 16, 2024; agenda items include website donations update; in-person meetings; November 2024 elections [County Council will need 3 new members before the end of 2024]
