What's Inside:

Opening Scavenger Hunt	2
September Speaker	2
Summer Scavenger Hunt	3
Image Analysis Workshop	4
Board and Committee Members	5

President's Letter

Dear Fellow Photographers:

It has been a great summer in Colorado! Hope all of you enjoyed getting outdoors and maybe into the mountains for some great summer photography. With fall coming up, the Colorado aspens will create a spectacular setting for more!

We have a super program planned for the remainder of the year. Please visit our SVPS Website to find out detailed information about upcoming meetings and events. Here are a few of the highlights of the next 2 months.

September 10th: Our first meeting after the summer break. We will have a fun time with an "On-Site Scavenger Hunt" as an opening activity. More details are available in Lynda's section of this newsletter. We also have a very interesting speaker for all you iPhone/Smartphone enthusiasts. Cary Wolfson will give a presentation about "iPhoneography". There is no show & tell this month.

October 1st Meeting: Our speaker at this meeting will be Marc Morris, a regional representative from Tamron Optics. He will discuss new technologies related to photo optics and innovations in lens technology.

October 6th Event: Todd and Lynda have organized another photo-walk in conjunction with Scott Kelby's worldwide photo-walk. More details are available on the website and the SVPS Meet-Up.

October 27th: Image Analysis Workshop. SVPS has teamed up with the Evergreen, CO photo club to sponsor this one-day workshop in Evergreen. It is designed to help members sharpen their skills in identifying strengths and weaknesses of images. Find more information on the SVPS website and on the SVPS Facebook page. Space is limited to 20 participants. As of September 1st, we have 5 seats left, so don't delay and bring a \$30 check to the next meeting if you want to participate.

Let's make the last 3 months of the year as exciting, fun and informative as the first 9 months!

I look forward to seeing you at the first meeting on September 10th!

Warm regards,

Marion Worrell
2018 President

Opening Activity: On-site Scavenger Hunt!

PLEASE BRING A CAMERA TO OUR SEPT. 10TH MEETING!

It can be your cell phone camera or whatever you want to use. We will be having a fun, on-site scavenger hunt. You will get a list when you arrive and have 30 minutes to take your shots around the premises and then we'll share the results at a future meeting.

Guest Speaker Cary Wolfson: iPhoneography

Cary will give us a review of a few of his favorite apps, which would include Brushstroke, Distressed FX, Stackables, AvgCamPro and iColorama. You can bring your phone and follow along using Cary's go-to, all-purpose app, the free and awesome Snapseed, which is also available for Android.

There will be no Show & Tell on Sept. 10th

2018 Summer Scavenger Hunt

2018 SVPS Scavenger Hunt: Back to Basics

Rules: Photos must be taken between **May 1st - Aug 31st**

Each participant must enter 1 photo in **each of the 5 categories** to be considered by the judges. You may submit photos by emailing them to stvrainphoto@gmail.com or by bringing them to the September 10th meeting on a flash drive.

Categories:

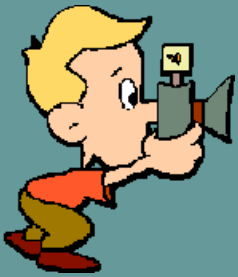

1. Depth of field: Demonstrate the use of aperture to control depth of field. It should be obvious to the judges that you chose either a shallow or deep depth of field to enhance the subject of your image. Focus stacking is also acceptable.

2. Capture motion: Demonstrate the use of shutter speed to control motion. It should be obvious to the judges that you chose a shutter speed to either freeze or blur motion to enhance your image. Use of flash / artificial lighting to capture motion also acceptable.

3: Rule of thirds: Demonstrate the rule of thirds in your image. It should be obvious to the judges that you composed (or cropped) your image based on the rule of thirds.

4: Leading Lines: Demonstrate the use of leading lines. It should be obvious to the judges that you composed your image using leading lines to enhance the subject.

5: Creative: Demonstrate the use of in camera or post-processing effects to show off your creative side. It should be obvious to the judges that you used either in camera techniques or post processing tools to creatively enhance your image.

**THE HUNT
IS ON!**

IMAGE ANALYSIS

A HANDS ON WORKSHOP PRESENTED BY

Jon Fishback

Evergreen Camera Club and St. Vrain Photographic Society have joined forces to bring this critically important photography workshop to Evergreen! PSA (Photographic Society of America) Education Services Director and Instructor Jon Fishback will conduct "Image Analysis," a course designed to improve your photography through the comprehensive analysis of photographs from all levels: from beginners to amateurs to masters.

This course is \$30 and limited to 20 participants. If the course fills, observers will be allowed to attend at \$10/person. RSVP and pay via the ECC Meetup site (Meetup: Evergreen Camera Club Photography) after Sept. 28. SVPS members can pay at their Sept. 10 meeting.

Bring snacks and lunch, a pad or paper and a pencil. Consider reading Jon Fishback's short paper, "The Pain and Pleasure of Critical Analysis" on the PSA website (PSA-photo.org) or search on Google. Contact ECC Ellen Nelson (ellen@ellennelson.com) or SVPS Marion Worrell (marion.worrell@gmail.com) for more details and/or to get on the early registration list.

Saturday, October 27 from 9:00 am to 4:00 pm (with lunch break) • \$30, limit 20 participants
Evergreen Fire & Rescue Building Auditorium • 1802 Bergen Parkway • Evergreen, CO
www.evergreencameraclub.com • Meetup: Evergreen Camera Club Photography
