members, *new* members, guests

## **President's Message**

Warm weather is finally here and with that there are opportunities for us to gather outside and participate in field trips as a club. Several club members have volunteered to organize gatherings, so I hope you will consider joining us on one or all of these events (see page 16 for details). In addition to the camaraderie, this is a chance to learn from other people in the club and improve your skills.

I am even more excited to start planning our annual competition on August 7<sup>th</sup> and gathering inside for the first time since early 2020! The board will continue to monitor both county and church policies over the summer, but as of right now we have the Fellowship Hall booked and are planning to gather for socializing and viewing of our photos and giving out awards. More details on the annual competition are on page 6.

## PSA Note

As an individual member of PSA, I receive a print copy of their monthly Journal which frequently has good articles on various aspects or types of photography. In researching how to share some of these articles with those of you who do not have individual memberships, I found that you can access "public articles of the month" on the PSA website. For example, the April public article is on macro photography, March is birds of the Salton Sea, and the Feb article is on bears in the Grand Tetons; topics of interest to many in the club. Use this link for easy access to these and other public articles:

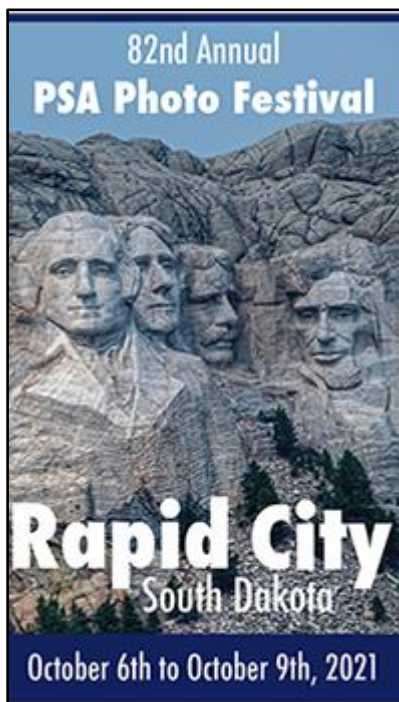

<https://psa-photo.org/index.php?article-of-the-month>.

The PSA Photo Festival will be held in Rapid City, SD from Oct 6-9. It is open to those without individual memberships; however, if you want to attend the full conference it is cheaper to buy an individual membership and pay the PSA member registration (<https://psa-programs.org/photo-festival-2021/>). A pre-festival photo workshop is being offered from Oct 3-4 but is limited to PSA members (<https://www.investinnature.org/beyond-the-bus--south-dakota-s-hidden-photographic-jewels>). There is a fee for this workshop and it is limited to a total of 10 people.

Finally, I should share the PSA Journal's language on round 2 of the interclub print competition: "St. Vrain Photographic Society, a newcomer to the competition, rose right to the top, in this round." Sounds like they were impressed! Let's keep that trend going.

Feel free to contact me directly if you have any questions.

## Annual Audit Results

Per the requirement in the club's bylaws, an annual financial audit was conducted in April by Leslie and Claudia. They reviewed deposits from membership dues and expenses for the second half of 2019 through March of 2021. Expenses included routine expenditures such as meeting room rental, annual business license, and subscriptions for Visual Pursuits software and website hosting. The records validated that all deposits and expenditures were appropriate and valid and the auditors included several recommendations to enhance our record keeping. The audit also showed that our annual expenses in 2020 exceeded our income from dues by \$307, which was covered by our existing balance in our account.

## Club Financial Position

After reviewing the annual audit results, our board reviewed this year's finances as well as analyzed our average annual expenses and income. Our club paid some large occasional expenses this year such as our 3-year website hosting fee and additional expenses this year for Zoom subscription and presenter honorariums. When combined with the previous years' board decision to not collect dues from last year's members this year, our checking account has taken a significant decrease. Our balance as of May 15th of this year is \$1624.86 and we anticipate it to drop below \$1000 by the end of the year or about 30% of its beginning balance. This is not immediately concerning but does minimize opportunities for the club to sponsor special events and results in less-than-optimal savings for any unexpected repairs/replacements to our club equipment or large occasional expenses.

Review of our average annual expenses showed that we only save a few hundred dollars savings a year. As some of our annual expenses have increased, including our website hosting fee that more than doubled, this led the board to discuss whether we need to raise dues next year. Per our bylaws, the Board of Directors (i.e., our four elected officers) are tasked with establishing membership fees and will be making a final decision on this by the end of the year.
