## Stacy said...

"Steph & Nicole hosted our daughters' joint 7th & 4th birthday party today. It was a fancy dress Disney disco. Nothing was too much trouble, they turned their hands to glitter face painting, hosted games, coordinated dancing, got stuck in with helping with the food and pick & mix party bags, generally made sure the kids had an amazing time and made our lives as parents easy! Highly recommended. Thank you!"

"Thank you so much to Little Lion Events for making my sons Harry Potter birthday dream come true! With wand making and potion class, and even a special letter from Harry himself. The kids loved all the fun party games and everything was so well thought out. Steph clearly loves working with children, and the children in turn love her. I've just been told that was the best birthday party he's ever had, and that's high praise from a 6 year old!"
