Sam said...

"Little Lions were absolutely brilliant at our wedding. They were so flexible, adapted to the venue with their activities including an activity corner with so many crafts for the kids to complete, tailored to the theme of our wedding. I felt so at ease knowing the kids were being looked after and entertained so we could mingle and talk to our guests. If you're getting married , or planning any large event with kids involved I highly recommend using Little Lions!"

"Wow! What can I say about Little Lions, they arrived and set up a amazing kiddie corner at our wedding. Their attention to detail in all the things they provided was amazing the girls are so caring and loving towards the children and you can see how much they love doing what they do! Evie and Myla absolutely loved playing with Steph and Nicole. Evie came and sat at the top table and almost immediately wanted to go back and play!"
