

CALL TO ACTION

We are in the middle of uncharted territory ... At least for our current time. We see things happening all around us, rumors flying, speculations being made, contradicting stories/articles being posted from several media outlets.

We have to remember to remain steadfast. Focus on God and His Truth, relying on the Bible for information. His Word never changes. It is the same today, tomorrow and for all time.

This world needs love right now, and a heavy focus on prayer.

Who would be interested in a 12 hour "prayer train"?

This is how it would work. We would post a prayer schedule, starting as soon as possible tomorrow, and you would pick a time that you would commit to pray for our country and our church. The time slots would most likely be 30 minutes each.

So far we have (7) women committed, covering 3-1/2 hours but I would LOVE to fill a full 12 hour timeframe. I am hoping to start this prayer chain by noon TODAY, Monday 1/11/2021, but I can always push it back to starting on Tuesday 1/12/2021.
