### **Recommend Windows Server installation.**

#### **Major Benefits:**

**Network Security:** Installing a Windows Server will offer another level of network security. This server is a domain manager allowing us to create a network domain to access the server. Only users that have been added to the server will have access to the server. This would greatly increase your protection against a potential threat to the network.

**Backup Solution:** Included in this server package is software for performing local backups. This server will be configured to write on 2 disks. In case of another hard drive failure, a backup would be on hand. Also included is a 3<sup>rd</sup> hard drive for local user backups. This would offer redundancy to the upgraded IDrive account and offer a local backup in case of another hardware failure.

**Repurpose existing server:** Windows 10 is end of life next year and we could repurpose the old server as a workstation to upgrade to windows 11.

A1620-41 Buildings - one time project

9/23/24

To whom it may concern,

I Holly Sincerbeaux am proposing open gym for cheer. I would like to give the opportunity to students to learn cheerleading skills and get acclimated to what cheerleading is. I do not have a feeder program so to be able to offer this to 7-12<sup>th</sup> graders to prep for our winter season I believe would be in the best interest for students and our Cheer squad.

Thank you for your consideration,

Holly Sincerbeaux

I like the idea and want to see it move forward whether she can handle younger kids too or not. Maybe work toward that goal. Don't want to overwhelm her

It again would be 100% volunteered base and I would like to use some of our grant to cover the insurance costs for the sodus student. They are looking to meet 1-2 times a week for 1.5-2 hours to learn basics and fundamentals as well as a routine and sideline cheers to perform at a basketball game. This program would be focused on rebuilding the cheer interest for sodus school. We are currently lacking in the cheerleading area and we need to bring back that Spartan Spirit!

I like the Idea of teaching them cheerleading.

Questions:

1. Will it be open to both girls and boys?
2. Will Holly Sincerbeaux or Paulina Anderson teaching it.
3. I assume that Paulina needs to be the even if she is not teaching.
