MINUTES

Minutes of the Regular Town Board Meeting June 11, 2024 held in person at the Town of Sodus courtroom 14-16 Mill St. Sodus, NY.

All meetings are open to the public.

Present: Scott Johnson, Supervisor
David LeRoy Councilperson/Deputy Supervisor
Don Ross, Councilperson
Chris Tertinek, Councilperson
Dale Pickering, Councilperson

Recording Secretary: Lori Diver, Town Clerk

Absent: N/A

Others Present: Bree Crandell, Supervisor Clerk
Sal Vittozzi, Camp Beechwood
Amy Kendall, Town Attorney
Kyle Kephart, Backup-DCO
Dave Doyle, Engineer-MRB Group

Supervisor Scott Johnson called the Regular Town Board Meeting to order commencing at 6:00 PM with the Pledge of Allegiance and Lori Diver opened with roll call. All members were present.

PUBLIC SPEAKERS:

(Dave Doyle, MRB)

Dave Doyle with MRB presented to the Town Board the following resolutions regarding WD No. 12 for adoption:

**TOWN OF SODUS TOWN BOARD RESOLUTION
WATER DISTRICT NO. 12
SEQR RESOLUTION
DESIGNATING LEAD AGENCY
(1 6-2024)**

WHEREAS, the Town of Sodus Town Board (hereinafter referred to as “Town Board”), on April 23, 2024 declared its intent to be designated the Lead Agency for the Town of Sodus Water District No. 12 Project (the “Action”) under the provisions of the State Environmental Quality Review (SEQR) Regulations; and

WHEREAS, the Town Board has provided written notices to this effect to the Involved and Interested agencies; and

WHEREAS, the Town Board has not received any written objections from the Involved agencies to the Town Board’s designation as the Lead Agency under the SEQR Regulations; and

WHEREAS, the Town Board has previously determined that it is the most appropriate agency to ensure the coordination of this Action and for making the determination of significance thereon under the SEQR Regulations.

NOW, THEREFORE BE IT RESOLVED that the Town Board does hereby designate itself as the Lead Agency for the Action.

The above Resolution was offered by Councilperson Dave LeRoy and seconded by Councilperson Dale Pickering at a regularly scheduled Town Board meeting held on June 11, 2024. Following discussion, a voice vote was recorded:

Scott Johnson, Town Supervisor, aye

Dave LeRoy, Councilman, aye

Don Ross, Councilman, aye

Chris Tertinek, Councilman, aye

Dale Pickering, Councilman, aye

I, Lori K. Diver, Town Clerk, do hereby attest to the accuracy of the above resolution being acted upon and recorded in the minutes of the Town of Sodus Town Board for the June 11, 2024, Town Board meeting.

Lori K. Diver,
Sodus Town Clerk, RMC

TOWN OF SODUS TOWN BOARD RESOLUTION
WATER DISTRICT NO. 12
SEQR RESOLUTION
DETERMINATION OF ENVIRONMENTAL SIGNIFICANCE
(2 6-2024)

WHEREAS, the Town of Sodus Town Board (hereinafter referred to as “Town Board”) has determined the above referenced Action to be a Type 1 Action pursuant to Part 617 of the State Environmental Quality Review (SEQR) Regulations; and

WHEREAS, the Town Board has reviewed and accepted the completed Full Environmental Assessment Form (EAF) Parts 1, 2, and 3 including the supporting information on the Action prepared by the MRB Group; and

WHEREAS, the Town Board has completed the coordinated review and public comment period provided for under the SEQR Regulations; and

WHEREAS, the Town Board has designated itself Lead Agency under the SEQR Regulations for the purpose of making the determination of significance upon said Action, by a separate resolution at the June 11, 2024, Town Board meeting; and

WHEREAS, the Town Board has considered the criteria for determining significance as set forth in Section 617.7(c) (1) of the SEQR Regulations and the information contained in Full EAF Parts 1, 2, and 3.

NOW THEREFORE BE IT RESOLVED, that said Action **WILL NOT** result in any significant adverse environmental impacts based on the review of the Full EAF; and

BE IT FINALLY RESOLVED that the Town Board does hereby make a Determination of Non-Significance on said Action, and the Town Supervisor is hereby directed to sign the Full EAF Part 3, the Negative Declaration, as evidence of the Town Board's determination of environmental non-significance.

The above Resolution was offered by Councilperson Dale Pickering and seconded by Councilperson Chris Tertinek at a regularly scheduled Town Board meeting held on June 11, 2024. Following discussion, a voice vote was recorded:

Scott Johnson, Town Supervisor, aye
Dave LeRoy, Councilman, aye
Don Ross, Councilman, aye
Chris Tertinek, Councilman, aye
Dale Pickering, Councilman, aye

I, Lori K. Diver, Town Clerk, do hereby attest to the accuracy of the above resolution being acted upon and recorded in the minutes of the Town of Sodus Town Board for the June 11, 2024, Town Board meeting.

Lori K. Diver,
Sodus Town Clerk, RMC

Dave Doyle shared with the Town Board the next steps concerning WD No. 12.

1. MRB will publish the Negative Declaration in the Environmental Notice Bulletin and the Town will essentially be complete with the SEQR process.
2. Prepare an application to Rural Development for funding for WD No. 12.
3. Once the funding is approved; the Town can then start the district creation for Water District # 12.

(It was noted by Doyle that WD No. 12 will require NY State Comptroller approval)

PUBLIC COMMENTS:

N/A

MINUTES

Minutes from May 14, 2024 was presented. Councilperson Dale Pickering motioned to file these Minutes, which was seconded by Councilperson Dave LeRoy. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

Minutes from May 23, 2024 was presented. Councilperson Don Ross motioned to file these Minutes, which was seconded by Councilperson Dale Pickering. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

SUPERVISOR'S REPORT

The Supervisor's monthly report was presented for May 2024. Councilperson Dale Pickering motioned to file this report, which was seconded by Councilperson Don Ross. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

TOWN CLERK'S REPORT

The Town Clerk's Report, Town Clerk's bank statement for audit and bank register for May 2024 were presented.

Councilperson David LeRoy motioned to file this report, which was seconded by Councilperson Dale Pickering. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

Note: bank statement and bank register are listed in detail with Tax Collection cash book for 2024. For security reasons and confidentiality, it cannot be published in Minutes.

ABSTRACT

RESOLUTION TO PAY ABSTRACT NO. 11

(03 06-2024)

WHEREAS, the following bills were presented for payment on Abstract 11:

General	245-283	\$	17,360.29
Highway	135-148	\$	19,305.96
<u>Special District</u>	<u>012-012</u>	\$	<u>1,055.58</u>
GRAND TOTAL:		\$	37,721.83

NOW BE IT RESOLVED, Councilperson Dale Pickering motioned to approve payment of these bills as reviewed for Abstract No. 11, which was seconded by Councilperson Chris Tertinek. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried. Resolution Adopted.

PUBLIC WORKS COMMITTEE: Councilperson David LeRoy, Chair
(Highway, Drainage - Deputy Town Supervisor)

HIGHWAY REPORT:

(Jared Laird - Highway Superintendent)

Councilperson Dale Pickering motioned to file the monthly May 2024 Highway report was seconded by Councilperson Chis Tertinek. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

Lori Diver Sodus Town Clerk relayed (for Highway Superintendent Jared Laird) a message (unable to attend this meeting) to the Town Board. The generator company still has not called back yet. Diver stated for Laird that his next step will be to ask Phil with the Village of Sodus to get in touch with them. Laird hopes he will have better success.

BUILDINGS AND GROUNDS COMMITTEE: *Councilperson Chris Tertinek, Chair
(Town Property, Animal Control, Flood Damage Prevention)*

CODE ENFORCEMENT REPORT:

Frank Gahr- CEO

Councilperson Dale Pickering motioned to file the monthly May 2024 Code Enforcement report, was seconded by Councilperson David LeRoy. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

DOG CONTROL REPORT:

Robert Snyder, Primary DCO

Kyle Kephart- Secondary DCO

Councilperson Dale Pickering motioned to file Robert Snyder and Kyle Kephart's monthly May 2024 Dog Control report, was seconded by Councilperson David LeRoy. Upon roll call the following votes were heard, Supervisor Scott Johnson, aye; David LeRoy, aye; Don Ross, aye; Chris Tertinek, aye and Dale Pickering, aye. Motion carried.

FLOOD DAMAGE PREVENTION REPORT-Code 69:

Chris Tertinek, Councilperson (report below is directly from Tertinek)

Lake Level (ASL = Above Sea Level)

Lake at 245.90 ft ASL at end of May even with the previous month.

At the end of May 2024, about 1' 2" lower than at end of May 2023.

The end of May 2024 level is about 4" lower than historical average.

Long term forecast for mid-November of 2024 is 244' 7" ASL. About 2" lower than long-time average level, and about 3" below 2023 mid-November.

Summary: Looks like we hit the high for 2024 and it will be probably lower than last year for the remaining of this year.

RECREATION-ASSESSOR OFFICE: *Councilman Dale Pickering*

(Recreation and Assessor's Office)

Recreation Report

(Paulina Anderson-Recreation Director)

Councilperson David LeRoy motioned to file Recreation Director Paulina Anderson's May 2024 Recreation Report, was seconded by Councilperson Dale Pickering. Lori Diver

From: Doyle, Dave <Dave.Doyle@mrbgroup.com>
Sent: Friday, June 7, 2024 2:55 PM
To: Lori Diver
Subject: RE: Town of Sodus Water District No. 12 Project - SEQR

Hi Lori,

Not at all – we should have provided an explanation with the original email.

At the April 23rd Town Board Meeting the Town Board reviewed the SEQR EAF Part 1 and declared its intent to be Lead Agency under SEQR. Supervisor Johnson then signed the EAF Part 1. The Town Board did not actually do the Negative Declaration on April 23rd, but will do so Tuesday.

After the April 23rd Town Board Meeting we sent the signed EAF Part 1 to all the Involved and Interested Agencies. We gave the Involved and Interested Agencies 30 days to review the information and let the Town know whether they had any objection to the Town being Lead Agency. To our knowledge, none of the Involved or Interested Agencies objected (which, for a project like this is what would be expected).

We then filled out Part 2 of the EAF (including a separate Supporting Information document) for the Town Board's review. After the Town Board reviews Part 2, the Town Board would presumably take the following action:

- Pass a Resolution designating the Town as Lead Agency (Draft Resolution included in the packet we sent today).
- Pass a Resolution of Determination of Environmental Significance (Negative Declaration) (Draft Resolution included in the packet we sent today).
- Town Supervisor signs the EAF Part 3 (Negative Declaration).

Following Tuesday's Town Board meeting we will arrange to have the Negative Declaration published in the Environmental Notice Bulletin (ENB).

Please give me a call with any questions.

Thanks!

DAVID M. DOYLE / MRB Group / 585.381.9250

Subject: RE: Town of Sodus Water District No. 12 Project - SEQR

Hi Dave,

I do not mean to sound stupid but, what are we actually doing on Tuesday for WD No. 12? I know we already signed the SEQR and did the negative dec, just not sure what we will be doing officially on Tuesday.

Thank you,

Lori K. Diver

Subject: Town of Sodus Water District No. 12 Project - SEQR

Good Afternoon,

In preparation for the Town of Sodus Town Board meeting on June 11th, 2024, I have attached for your review the following SEQR documentation regarding the above-mentioned project.

1. SEQR FEAF Part 1 – previously completed
2. SEQR Resolution – Declaring Lead Agency
3. SEQR Resolution - Determination of Significance
4. SEQR FEAF Parts 2 & 3
5. SEQR Part 2 and 3 Supporting Information

Please review and let me know if you have any comments or questions.

Thank You.

Matthew Sousa
Senior Planning Associate

Project No. 1914.21001.000

Note: This document contains supporting information for those "No or Small Impacts" identified in the Full EAF Part 2. for which a tangible small impact is possible. Numbering is consistent as outlined in Full EAF Part 2.

1. **IMPACT OF LAND** – The proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1)
 - f. *The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides)*
 - During the construction phase, portions of the project will be stripped of vegetation and bare soil will be exposed for periods of time. During these periods the site will be susceptible to potential erosion and discharge of sediment into adjacent waterways. Approved erosion and sediment control measures as outlined in the design plans will be implemented during construction. Erosion and sediment control measures will be inspected to ensure proper installation and function throughout the construction project.
3. **IMPACTS ON SURFACE WATER** - The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h)
 - d. *The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.*
 - The project site for the proposed action will be generally limited to existing public rights-of-way or immediately adjacent easements. This work will require construction adjacent to and in some cases, crossing streams 847-556 and 847-560. Pipe installation in proximity to wetlands and streams will likely be completed by horizontal directional drilling to minimize environmental impacts, and any temporary disturbances at stream crossings will be mitigated to the greatest extent possible. The work will be performed in compliance with all requirements of NYSDEC to ensure that contamination by silt, sediment, fuels, solvents, lubricants, or any other pollutant associated with the project is prevented, and that all disturbed areas are promptly stabilized after construction.
 - e. *The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.*
 - Potential impacts to streams 847-556 and 847-560 that may occur during the construction phase will be minimized through the use of erosion and sediment controls designed in accordance with the 2016 New York Standards and Specifications for Erosion and Sediment Control, and in accordance with the Stormwater Pollution Prevention Plan (SWPPP).
 - h. *The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.*
 - During the construction phase, portions of the project will be stripped of vegetation and bare soil will be exposed for periods of time. During these periods, the site will be susceptible to potential erosion and discharge of sediment into the existing waterways. Approved erosion and sediment

control measures as outlined in the design plans will be implemented during construction. Erosion and sediment control measures will be inspected to ensure proper installation and function throughout the construction project.

i. *The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.*

- The site will be susceptible to potential erosion during construction with the potential of discharge of sediment into streams 847-556 and 847-560. Erosion and control measures will be designed and installed per the requirements set forth in the latest edition (2016) of the New York Standards and Specifications for Erosion and Sediment Control.

4. IMPACT ON GROUNDWATER - The proposed action may result in new or additional use of groundwater or may have the potential to introduce contaminants to ground water or an aquifer.

a. *The proposed action may require new water supply wells or create additional demand on supplies from existing water supply wells.*

- The water supply for proposed Water District No. 12 will be via the Wayne County Water and Sewer Authority (WCWSA) through its existing supply sources. Under normal operations, and apart from Emerald Point Road, the WCWSA will purchase water from the Village of Sodus to supply Water District No. 12. The Village of Sodus has a surface water treatment plant on Lake Ontario and a groundwater well source on NYS Route 88. Depending upon demands and operational considerations, water from the well source may be blended with the Village's surface water source to supply Water District No. 12. The WCWSA has a water supply agreement with the Village of Sodus to utilize both sources and has the flexibility to supply Water District No. 12 with its other western suppliers depending upon demand. The WCWSA has adequate supplies within the contractual limits of its water supply agreement with the Village of Sodus and its other western suppliers.

5. IMPACT ON FLOODING - The proposed action may result in development on lands subject to flooding. (See Part 1. E.2)

b. The proposed action may result in development within a 100-year floodplain.

- The project site for the proposed action will be generally limited to existing public rights-of-way or immediately adjacent easements. The action generally involves the installation of an underground utility. Construction of the project will not significantly alter the grading or elevations of the site, as the site will be restored to its original condition after construction, to the extent practical. No significant impact related to flooding is anticipated as a result of this project.

7. IMPACT ON PLANTS AND ANIMALS - The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.)

b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.

- The NYSDEC Environmental Assessment Form (EAF) Mapper identified the Pugnose Shiner as an endangered species and the Spiny Softshell as a species of special concern. No other Rare Plants and/or Animals were identified. NYSDEC and U.S. Department of Interior Fish and Wildlife Service (USFWS) were consulted regarding the proposed project. An IPAC was prepared on May 9, 2024, and an official species list was generated. The official species list listed the Northern Long-Eared Bat as endangered, the Tricolored Bat as proposed endangered, and the Monarch butterfly as a candidate. IPAC confirmed that there are no critical habitats for the above-mentioned species within the project site. A determination key (D Key) was prepared for the Northern Long Eared Bat and a letter of no effect was generated on May 9, 2024. No comments have been received at this time from NYSDEC regarding this project. The proposed action will be located primarily within the existing road rights-of-way and immediately adjacent easements. It is not anticipated that any trees will need to be removed as a result of the construction, and the project will comply with all of the NYSDEC DFWMR New York Natural Heritage Project and USFWS requirements.

8. IMPACT ON AGRICULTURAL RESOURCES - The proposed action may impact agricultural resources. (Part 1. E.3.a. and b.)

h. Other impacts: Construction within an Agricultural District.

- The project is in, or adjacent to, Wayne County Agricultural District Number 1. The Town of Sodus identified the NYS Department of Agriculture and Markets as an Involved agency in the SEQR Coordination process. This project will be constructed primarily within existing, previously disturbed public rights-of-way or immediately adjacent easements, and as such, no disturbance to actively farmed prime soils is anticipated as a result of the proposed action. Furthermore, coordination with NYS Department of Agriculture and Markets as part of the permitting process and a Preliminary and Final Notice of Intent (NOI) will be completed and submitted for review and approval.

Short-term effects on agricultural resources are limited to construction-related impacts. As noted above, trench excavation and the temporary removal of ground cover within the State, Town, and County right of ways could temporarily disrupt drainage or tile lines within an agricultural field. Construction will be primarily limited to previously disturbed rights-of-way or immediately adjacent easements, and the existing surface will be restored within a relatively short period of time. As such, no significant or prolonged disruption of drainage patterns is anticipated. Erosion control measures as outlined within the project design and in accordance with the "New York Standards and Specifications for Erosion and Sediment Controls" will be employed to minimize the impact of the excavation / backfill activities and to avoid sedimentation. Erosion and sediment control measures will be inspected throughout the construction project to ensure proper installation and function.

10. IMPACT ON HISTORIC AND ARCHAEOLOGICAL RESOURCES - The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.)

- a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.
- The project is adjacent to Alasa Farms, a state listed archaeological resource. The Town of Sodus identified the State Historic Preservation Office as an involved agency in the SEQR Coordination process. This project will be constructed primarily within existing, previously disturbed public rights-of-way or immediately adjacent easements, and as such, no disturbance to this property is anticipated as a result of the proposed action. Furthermore, coordination with the State Historic Preservation Office as part of the permitting process is ongoing and will be completed and submitted for review and approval prior to construction beginning.
 - Short-term effects to Alasa Farm will be limited to construction-related impacts. Construction will be primarily limited to previously disturbed rights-of-way and immediately adjacent easements, and the existing surface will be restored within a relatively short period of time. As such, no significant or prolonged disruption to adjacent properties is anticipated.

15. IMPACT ON NOISE, ODOR, AND LIGHT - The proposed action may result in an increase in noise, odors, or outdoor lighting. (See Part 1.D.2.m.,n., and o)

- f. *Other impacts: Temporary impact during construction activities only.*
- During construction noise levels may exceed ambient conditions, however, these impacts will be small to moderate and will be temporary in nature. Construction activities will be limited to the days and times allowed by local regulation. During the construction phase mobile sources associated with construction may temporarily emit air emissions, however, these impacts will be small to moderate and will be temporary in nature.

16. IMPACT TO HUMAN HEALTH - The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.)

- c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.
- The NYSDEC Environmental Restoration Program site code B00143 is located at 63 Orchard Terrace in the Town of Sodus. This site, although identified on the DEC EAF mapper, does not fall within the proposed location of this project and no impact is anticipated.

- The NYSDEC Environmental Restoration Program site code 859009 is a state superfund site located at NY-14 & Wagemaker Rd. This site, although identified on the DEC EAF mapper, does not fall within the proposed location of this project and no impact is anticipated.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The Town of Sodus Town Board has reviewed and accepted Part 1 of the Full Environmental Assessment Form (EAF) for this action. The Town Board completed a coordinated review under the State Environmental Quality Review (SEQR) Regulations and received no objections to being designated Lead Agency. The Town Board in a separate resolution designated themselves as lead agency, and as lead agency for this Action under the provisions of Part 617 of the SEQR Regulations has given a thorough and comprehensive evaluation of the impacts likely to result from the proposed Action. Based upon this evaluation and the Town Board's review of the Full EAF Part 2 and Part 3, the Town Board in a separate resolution adopted on June 11, 2024 has determined the proposed Action will not likely result in a significant adverse impact upon the environment and that a Negative Declaration is issued. Please see the attached documentation supporting the Full EAF in support of this decision.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information
Full Environmental Assessment Form (EAF) Part 3 and the supporting documentation to the EAF and project maps.

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Town of Sodus Town Board as lead agency that:

- A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.
- B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

- C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Name of Action: Town of Sodus Water District No. 12

Name of Lead Agency: Town of Sodus Town Board

Name of Responsible Officer in Lead Agency: Scott Johnson

Title of Responsible Officer: Town Supervisor

Signature of Responsible Officer in Lead Agency:  Date: 6/11/2024

Signature of Preparer (if different from Responsible Officer) Matthew Souza - MRB Group Date: 6/11/2024

For Further Information:

Contact Person: Scott Johnson
Address: 14-16 Mill St, Sodus NY 14551
Telephone Number: 1-315-483-4430 Ext. 2
E-mail: townclerk@sodusny.gov

For Type 1 Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)
Other involved agencies (if any)
Applicant (if any)
Environmental Notice Bulletin: <http://www.dec.ny.gov/enb/enb.html>

PRINT FULL FORM

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]

Project :	(T) Sodus Water District No. 12
Date :	June 11, 2024

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “Yes” to a numbered question, please complete all the questions that follow in that section.
- If you answer “No” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

		<input type="checkbox"/> NO	<input checked="" type="checkbox"/> YES
1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) <i>If “Yes”, answer questions a - j. If “No”, move on to Section 2.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

2. Impact on Geological Features
 The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) NO YES
If "Yes", answer questions a - c. If "No", move on to Section 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached: _____ _____	E2g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

3. Impacts on Surface Water
 The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) NO YES
If "Yes", answer questions a - l. If "No", move on to Section 4.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>

I. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
----------------------------------	--	--------------------------	--------------------------

4. Impact on groundwater

The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer. NO YES
 (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)
If "Yes", answer questions a - h. If "No", move on to Section 5.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

5. Impact on Flooding

The proposed action may result in development on lands subject to flooding. NO YES
 (See Part 1. E.2)
If "Yes", answer questions a - g. If "No", move on to Section 6.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in development within a 100 year floodplain.	E2j	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in development within a 500 year floodplain.	E2k	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	E1e	<input checked="" type="checkbox"/>	<input type="checkbox"/>

g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
----------------------------------	--	--------------------------	--------------------------

6. Impacts on Air The proposed action may include a state regulated air emission source. <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES (See Part 1. D.2.f., D.2.h, D.2.g) <i>If "Yes", answer questions a - f. If "No", move on to Section 7.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels:			
i. More than 1000 tons/year of carbon dioxide (CO ₂)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
ii. More than 3.5 tons/year of nitrous oxide (N ₂ O)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
iv. More than .045 tons/year of sulfur hexafluoride (SF ₆)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions	D2g	<input type="checkbox"/>	<input type="checkbox"/>
vi. 43 tons/year or more of methane	D2h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

7. Impact on Plants and Animals The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.) <input type="checkbox"/> NO <input checked="" type="checkbox"/> YES <i>If "Yes", answer questions a - j. If "No", move on to Section 8.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	<input checked="" type="checkbox"/>	<input type="checkbox"/>

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source: _____	E2n	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source: _____	E1b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

8. Impact on Agricultural Resources			
The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.)		<input type="checkbox"/> NO	<input checked="" type="checkbox"/> YES
<i>If "Yes", answer questions a - h. If "No", move on to Section 9.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, E1b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	E1 a, E1b	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input checked="" type="checkbox"/>	<input type="checkbox"/>

9. Impact on Aesthetic Resources The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) <i>If "Yes", answer questions a - g. If "No", go to Section 10.</i>				<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur		
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	<input type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round	E3h	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>		
d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	E3h E2q, E1c	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>		
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>		
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile 1/2 -3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	<input type="checkbox"/>	<input type="checkbox"/>		
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>		

10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) <i>If "Yes", answer questions a - e. If "No", go to Section 11.</i>				<input type="checkbox"/> NO	<input checked="" type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur		
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source: _____	E3g	<input checked="" type="checkbox"/>	<input type="checkbox"/>		

d. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
e. If any of the above (a-d) are answered "Moderate to large impact may occur", continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	<input type="checkbox"/>	<input type="checkbox"/>
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>

11. Impact on Open Space and Recreation			
The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) <i>If "Yes", answer questions a - e. If "No", go to Section 12.</i>		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	<input type="checkbox"/>	<input type="checkbox"/>
e. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

12. Impact on Critical Environmental Areas			
The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) <i>If "Yes", answer questions a - c. If "No", go to Section 13.</i>		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

13. Impact on Transportation

The proposed action may result in a change to existing transportation systems.

 NO YES

(See Part 1. D.2.j)

If "Yes", answer questions a - f. If "No", go to Section 14.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action will degrade existing transit access.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

14. Impact on Energy

The proposed action may cause an increase in the use of any form of energy.

 NO YES

(See Part 1. D.2.k)

If "Yes", answer questions a - e. If "No", go to Section 15.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	D1g	<input type="checkbox"/>	<input type="checkbox"/>
e. Other Impacts: _____ _____			

15. Impact on Noise, Odor, and Light

The proposed action may result in an increase in noise, odors, or outdoor lighting.

 NO YES

(See Part 1. D.2.m., n., and o.)

If "Yes", answer questions a - f. If "No", go to Section 16.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may produce sound above noise levels established by local regulation.	D2m	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in routine odors for more than one hour per day.	D2o	<input checked="" type="checkbox"/>	<input type="checkbox"/>

d. The proposed action may result in light shining onto adjoining properties.	D2n	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input checked="" type="checkbox"/>	<input type="checkbox"/>

16. Impact on Human Health

The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.)
If "Yes", answer questions a - m. If "No", go to Section 17.

 NO

 YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	E1g, E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h	<input checked="" type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g	<input checked="" type="checkbox"/>	<input type="checkbox"/>
l. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	<input checked="" type="checkbox"/>	<input type="checkbox"/>
m. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

17. Consistency with Community Plans The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.) <i>If "Yes", answer questions a - h. If "No", go to Section 18.</i>			
		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	<input type="checkbox"/>	<input type="checkbox"/>
h. Other: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

18. Consistency with Community Character The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) <i>If "Yes", answer questions a - g. If "No", proceed to Part 3.</i>			
		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community.	E3e, E3f, E3g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may create a demand for additional community services (e.g. schools, police and fire)	C4	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing.	C2, C3, D1f D1g, E1a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources.	C2, E3	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action is inconsistent with the predominant architectural scale and character.	C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
f. Proposed action is inconsistent with the character of the existing natural landscape.	C2, C3 E1a, E1b E2g, E2h	<input type="checkbox"/>	<input type="checkbox"/>
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

PRINT FULL FORM

**Full Environmental Assessment Form
Part 1 - Project and Setting**

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project: Water District No. 12 Project		
Project Location (describe, and attach a general location map): Town of Sodus, NY (See attached project location map)		
Brief Description of Proposed Action (include purpose or need): Construction of approximately 31,000 LF of new 8" dia. PVC watermain to extend the existing potable water distribution system to current unserved areas in the Town of Sodus, Wayne County, NY. The project also includes new hydrants, valves, master meter stations, and control valves as applicable. The project will generally be constructed within the existing highway ROW's and selected easements, where necessary, along the following road segments: <ul style="list-style-type: none"> • NYS Route 14 (Ridge Rd. to Red Mill Rd.) • Emerald Point (Sill Rd. to Emerald Point Rd.) • Bond Road (Brickchurch Rd. to Ridge Rd.) • Barclay Road (Sodus Center Rd. to Ridge Rd.) • State Street Extension (Kelly Rd. to North Rd.) • North Road (300' north of Christian Holler Rd. to 250' north of Mud Ln.) This project will increase water quality and reliability for Residences along these ROW's.		
Name of Applicant/Sponsor: Scott Johnson, Supervisor		Telephone: 1-315-483-4430 Ext. 2
		E-Mail: townclerk@sodusny.gov
Address: 14-16 Mill St		
City/PO: Sodus	State: NY	Zip Code: 14551
Project Contact (if not same as sponsor; give name and title/role):		Telephone:
		E-Mail:
Address:		
City/PO:	State:	Zip Code:
Property Owner (if not same as sponsor):		Telephone:
		E-Mail:
Address:		
City/PO:	State:	Zip Code:

B. Government Approvals

B. Government Approvals, Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)		
Government Entity	If Yes: Identify Agency and Approval(s) Required	Application Date (Actual or projected)
a. City Council, Town Board, <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No or Village Board of Trustees	Town of Sodus, Town Board	
b. City, Town or Village <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Planning Board or Commission		
c. City, Town or <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Village Zoning Board of Appeals		
d. Other local agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Town of Sodus Highway Department, Village of Sodus Point (water dept.)	
e. County agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Wayne County Planning Dept., Wayne County DPW, Wayne County Water and Sewer Auth.	
f. Regional agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
g. State agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	NYSDOT, NYSDEC, NYSOPRHP, NYSDAM, NYSDOH	
h. Federal agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	ACOE, USFW	
i. Coastal Resources.		
i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
iii. Is the project site within a Coastal Erosion Hazard Area?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

C. Planning and Zoning

C.1. Planning and zoning actions.	
Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
<ul style="list-style-type: none"> • If Yes, complete sections C, F and G. • If No, proceed to question C.2 and complete all remaining sections and questions in Part I 	
C.2. Adopted land use plans.	
a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
If Yes, identify the plan(s): NYS Heritage Areas: West Erie Canal Corridor	

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
If Yes, identify the plan(s): Wayne County Agricultural Development and Farmland Protection Plan	

C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. Yes No
If Yes, what is the zoning classification(s) including any applicable overlay district?

b. Is the use permitted or allowed by a special or conditional use permit? Yes No

c. Is a zoning change requested as part of the proposed action? Yes No

If Yes,

i. What is the proposed new zoning for the site? _____

C.4. Existing community services.

a. In what school district is the project site located? Sodus Central School District

b. What police or other public protection forces serve the project site?

Wayne County Sheriff's Office

c. Which fire protection and emergency medical services serve the project site?

Sodus Fire Rescue

d. What parks serve the project site?

Harriman Park, Beechwood State Park, Sodus Wallington Trail, Zurich Bog, Chimney Bluffs State Park

D. Project Details

D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? all components

b. a. Total acreage of the site of the proposed action? _____ 4.2 acres

b. Total acreage to be physically disturbed? _____ 4.0 acres

c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ 3.0 acres

c. Is the proposed action an expansion of an existing project or use? Yes No

i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % _____ Units: _____

d. Is the proposed action a subdivision, or does it include a subdivision? Yes No

If Yes,

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types) _____

ii. Is a cluster/conservation layout proposed? Yes No

iii. Number of lots proposed? _____

iv. Minimum and maximum proposed lot sizes? Minimum _____ Maximum _____

e. Will the proposed action be constructed in multiple phases? Yes No

i. If No, anticipated period of construction: _____ months

ii. If Yes:

- Total number of phases anticipated _____
- Anticipated commencement date of phase I (including demolition) _____ month _____ year
- Anticipated completion date of final phase _____ month _____ year
- Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: _____

f. Does the project include new residential uses? Yes No
 If Yes, show numbers of units proposed.

	<u>One Family</u>	<u>Two Family</u>	<u>Three Family</u>	<u>Multiple Family (four or more)</u>
Initial Phase	_____	_____	_____	_____
At completion	_____	_____	_____	_____
of all phases	_____	_____	_____	_____

g. Does the proposed action include new non-residential construction (including expansions)? Yes No
 If Yes,

i. Total number of structures _____

ii. Dimensions (in feet) of largest proposed structure: _____ height; _____ width; and _____ length

iii. Approximate extent of building space to be heated or cooled: _____ square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? Yes No
 If Yes,

i. Purpose of the impoundment: _____

ii. If a water impoundment, the principal source of the water: Ground water Surface water streams Other specify: _____

iii. If other than water, identify the type of impounded/contained liquids and their source. _____

iv. Approximate size of the proposed impoundment. Volume: _____ million gallons; surface area: _____ acres

v. Dimensions of the proposed dam or impounding structure: _____ height; _____ length

vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): _____

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite) Yes No
 If Yes:

i. What is the purpose of the excavation or dredging? _____

ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?

- Volume (specify tons or cubic yards): _____
- Over what duration of time? _____

iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.
 Water main trench construction involves excavation of a trench, placement of piping within the trench, restoration of the ground surface, and re-seeding of vegetation

iv. Will there be onsite dewatering or processing of excavated materials? Yes No
 If yes, describe. _____

v. What is the total area to be dredged or excavated? _____ acres

vi. What is the maximum area to be worked at any one time? _____ acres

vii. What would be the maximum depth of excavation or dredging? _____ feet

viii. Will the excavation require blasting? Yes No

ix. Summarize site reclamation goals and plan: _____

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? Yes No
 If Yes:

i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): A Class C stream (ID 847-556) is present at portions of Emerald Point, NYS Route 14, Bond Road, and Pilgrimport Road. National Wetlands Inventory ("NWI") mapped wetlands are present.

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:
Pipes crossing NYS roads, and installations in proximity to wetlands and streams, will likely be completed by horizontal directional drilling and/or conventional boring and casing to minimize impacts.

iii. Will the proposed action cause or result in disturbance to bottom sediments? Yes No
If Yes, describe: _____

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation? Yes No
If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

c. Will the proposed action use, or create a new demand for water? Yes No
If Yes:

i. Total anticipated water usage/demand per day: _____ 17,000 gallons/day

ii. Will the proposed action obtain water from an existing public water supply? Yes No
If Yes:

- Name of district or service area: Wayne County Water and Sewer Authority (WCWSA)
- Does the existing public water supply have capacity to serve the proposal? Yes No
- Is the project site in the existing district? Yes No
- Is expansion of the district needed? Yes No
- Do existing lines serve the project site? Yes No

iii. Will line extension within an existing district be necessary to supply the project? Yes No
If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____
Construction of new 8" dia. PVC watermain to extend the existing potable water distribution system
- Source(s) of supply for the district: Wayne County Water and Sewer Authority (WCWSA)

iv. Is a new water supply district or service area proposed to be formed to serve the project site? Yes No
If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? Yes No
If Yes:

i. Total anticipated liquid waste generation per day: _____ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____

iii. Will the proposed action use any existing public wastewater treatment facilities? Yes No
If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? Yes No
- Is the project site in the existing district? Yes No
- Is expansion of the district needed? Yes No

• Do existing sewer lines serve the project site? Yes No
 • Will a line extension within an existing district be necessary to serve the project? Yes No
 If Yes:
 • Describe extensions or capacity expansions proposed to serve this project: _____

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? Yes No
 If Yes:
 • Applicant/sponsor for new district: _____
 • Date application submitted or anticipated: _____
 • What is the receiving water for the wastewater discharge? _____
 v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? Yes No
 If Yes:
 i. How much impervious surface will the project create in relation to total size of project parcel?
 _____ Square feet or _____ 0 acres (impervious surface)
 _____ Square feet or _____ 4 acres (parcel size)
 ii. Describe types of new point sources. none _____

 iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?

 Off-Site Surface Water. The project will require coverage under the NYSDEC SPDES General Permit for Storm Water Discharges and will abide by the NYS Standards and Specifications for Erosion and Sediment Control.
 • If to surface waters, identify receiving water bodies or wetlands: _____
 Class C stream 847-556 and Sodus Bay

 • Will stormwater runoff flow to adjacent properties? Yes No

iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? Yes No

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? Yes No
 If Yes, identify:
 i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)
 heavy equipment during construction only
 ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)

 iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? Yes No
 If Yes:
 i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) Yes No
 ii. In addition to emissions as calculated in the application, the project will generate:
 • _____ Tons/year (short tons) of Carbon Dioxide (CO₂)
 • _____ Tons/year (short tons) of Nitrous Oxide (N₂O)
 • _____ Tons/year (short tons) of Perfluorocarbons (PFCs)
 • _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆)
 • _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)
 • _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? Yes No

If Yes:

i. Estimate methane generation in tons/year (metric): _____

ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? Yes No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? Yes No

If Yes:

i. When is the peak traffic expected (Check all that apply): Morning Evening Weekend
 Randomly between hours of _____ to _____.

ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks): _____

iii. Parking spaces: Existing _____ Proposed _____ Net increase/decrease _____

iv. Does the proposed action include any shared use parking? Yes No

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe: _____

vi. Are public/private transportation service(s) or facilities available within 1/2 mile of the proposed site? Yes No

vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? Yes No

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? Yes No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? Yes No

If Yes:

i. Estimate annual electricity demand during operation of the proposed action: _____

ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): _____

iii. Will the proposed action require a new, or an upgrade, to an existing substation? Yes No

l. Hours of operation. Answer all items which apply.

i. During Construction:		ii. During Operations:	
• Monday - Friday:	7am - 7pm	• Monday - Friday:	24 hours/day
• Saturday:	7am - 7pm	• Saturday:	24 hours/day
• Sunday:	none	• Sunday:	24 hours/day
• Holidays:	none	• Holidays:	24 hours/day

<p>m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If yes:</p> <p>i. Provide details including sources, time of day and duration: <u>Increased noise impacts associated with construction only.</u></p>
<p>ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>Describe: _____</p>
<p>n. Will the proposed action have outdoor lighting? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If yes:</p> <p>i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures: _____</p>
<p>ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Describe: _____</p>
<p>o. Does the proposed action have the potential to produce odors for more than one hour per day? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: _____</p>
<p>p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Product(s) to be stored _____</p> <p>ii. Volume(s) _____ per unit time _____ (e.g., month, year)</p> <p>iii. Generally, describe the proposed storage facilities: _____</p>
<p>q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe proposed treatment(s): _____</p>
<p>ii. Will the proposed action use Integrated Pest Management Practices? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe any solid waste(s) to be generated during construction or operation of the facility:</p> <ul style="list-style-type: none"> • Construction: _____ tons per _____ (unit of time) • Operation : _____ tons per _____ (unit of time) <p>ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:</p> <ul style="list-style-type: none"> • Construction: _____ • Operation: _____ <p>iii. Proposed disposal methods/facilities for solid waste generated on-site:</p> <ul style="list-style-type: none"> • Construction: _____ • Operation: _____

s. Does the proposed action include construction or modification of a solid waste management facility? Yes No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? Yes No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? Yes No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

- Urban Industrial Commercial Residential (suburban) Rural (non-farm)
 Forest Agriculture Aquatic Other (specify): _____

ii. If mix of uses, generally describe: _____

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces	0.1	0.1	0.0
• Forested	0.0	0.0	0.0

• Other Describe: <u>Road Right-of-Way (mostly turf and lawn areas)</u>	3.9	3.9	0.0

c. Is the project site presently used by members of the community for public recreation? Yes No
 i. If Yes: explain: _____

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? Yes No
 If Yes,
 i. Identify Facilities: _____

e. Does the project site contain an existing dam? Yes No
 If Yes:
 i. Dimensions of the dam and impoundment:
 • Dam height: _____ feet
 • Dam length: _____ feet
 • Surface area: _____ acres
 • Volume impounded: _____ gallons OR acre-feet
 ii. Dam's existing hazard classification: _____
 iii. Provide date and summarize results of last inspection: _____

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? Yes No
 If Yes:
 i. Has the facility been formally closed? Yes No
 • If yes, cite sources/documentation: _____
 ii. Describe the location of the project site relative to the boundaries of the solid waste management facility: _____

 iii. Describe any development constraints due to the prior solid waste activities: _____

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? Yes No
 If Yes:
 i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred: _____

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? Yes No
 If Yes:
 i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: Yes No
 Yes – Spills Incidents database Provide DEC ID number(s): _____
 Yes – Environmental Site Remediation database Provide DEC ID number(s): B00143, & 859009
 Neither database
 ii. If site has been subject of RCRA corrective activities, describe control measures: _____

 iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? Yes No
 If yes, provide DEC ID number(s): _____
 iv. If yes to (i), (ii) or (iii) above, describe current status of site(s): _____

v. Is the project site subject to an institutional control limiting property uses? Yes No

- If yes, DEC site ID number: _____
- Describe the type of institutional control (e.g., deed restriction or easement): _____
- Describe any use limitations: _____
- Describe any engineering controls: _____
- Will the project affect the institutional or engineering controls in place? Yes No
- Explain: _____

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? _____ >6 feet

b. Are there bedrock outcroppings on the project site? Yes No
 If Yes, what proportion of the site is comprised of bedrock outcroppings? _____ %

c. Predominant soil type(s) present on project site:

Williamson Silt Loam	_____	+/- 42% %
Ira Gravelly Fine Sandy Loam	_____	+/- 18% %
Hilton Gravelly Loam	_____	+/- 9% %

d. What is the average depth to the water table on the project site? Average: +/-2.3 feet

e. Drainage status of project site soils: Well Drained: +/-13 % of site
 Moderately Well Drained: +/-22 % of site
 Poorly Drained +/-65 % of site

f. Approximate proportion of proposed action site with slopes: 0-10%: +/-97 % of site
 10-15%: +/- 1 % of site
 15% or greater: +/- 2 % of site

g. Are there any unique geologic features on the project site? Yes No
 If Yes, describe: _____

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? Yes No

ii. Do any wetlands or other waterbodies adjoin the project site? Yes No
 If Yes to either i or ii, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? Yes No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name 847-556 Classification C
- Lakes or Ponds: Name _____ Classification _____
- Wetlands: Name Federal Waters, Federal Waters, Federal Waters,... Approximate Size _____
- Wetland No. (if regulated by DEC) _____

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? Yes No
 If yes, name of impaired water body/bodies and basis for listing as impaired: _____

i. Is the project site in a designated Floodway? Yes No

j. Is the project site in the 100-year Floodplain? Yes No

k. Is the project site in the 500-year Floodplain? Yes No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? Yes No
 If Yes:
 i. Name of aquifer: _____

m. Identify the predominant wildlife species that occupy or use the project site:		
birds _____ deer _____	fox _____ insects _____	squirrel _____ woodland mammals _____
n. Does the project site contain a designated significant natural community? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
If Yes:		
i. Describe the habitat/community (composition, function, and basis for designation): _____ Great Lakes Aquatic Bed		
ii. Source(s) of description or evaluation: _____		
iii. Extent of community/habitat:		
<ul style="list-style-type: none"> • Currently: _____ 3080.0 acres • Following completion of project as proposed: _____ acres • Gain or loss (indicate + or -): _____ acres 		
o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
If Yes:		
i. Species and listing (endangered or threatened): _____ Pugnose Shiner		
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
If Yes:		
i. Species and listing: _____ Spiny Softshell		
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
If yes, give a brief description of how the proposed action may affect that use: _____ This action will have no effect on fishing operations in Sodus Bay or hunting and trapping activities adjacent to the project area.		
E.3. Designated Public Resources On or Near Project Site		
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
If Yes, provide county plus district name/number: Wayne County Agricultural District No. 1		
b. Are agricultural lands consisting of highly productive soils present? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
i. If Yes: acreage(s) on project site? _____		
ii. Source(s) of soil rating(s): _____		
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
If Yes:		
i. Nature of the natural landmark: <input type="checkbox"/> Biological Community <input type="checkbox"/> Geological Feature		
ii. Provide brief description of landmark, including values behind designation and approximate size/extent: _____ _____ _____		
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
If Yes:		
i. CEA name: _____		
ii. Basis for designation: _____		
iii. Designating agency and date: _____		

<p>e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Nature of historic/archaeological resource: <input checked="" type="checkbox"/> Archaeological Site <input type="checkbox"/> Historic Building or District</p> <p>ii. Name: <u>Alasa Farms</u></p> <p>iii. Brief description of attributes on which listing is based: _____</p>	
<p>f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>g. Have additional archaeological or historic site(s) or resources been identified on the project site? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe possible resource(s): _____</p> <p>ii. Basis for identification: _____</p>	
<p>h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Identify resource: _____</p> <p>ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): _____</p> <p>iii. Distance between project and resource: _____ miles.</p>	
<p>i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Identify the name of the river and its designation: _____</p> <p>ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	

F. Additional Information

Attach any additional information which may be needed to clarify your project.

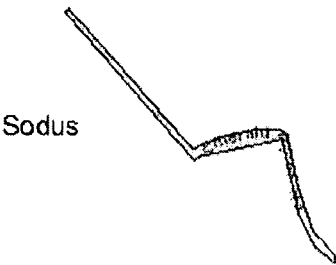

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

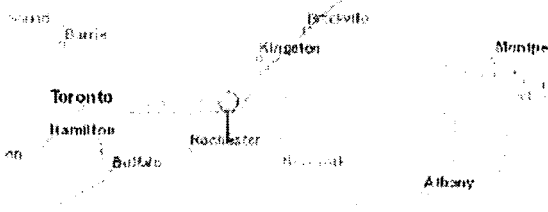

Applicant/Sponsor Name Scott E. Johnson Date April 23, 2024

Signature  Title 4/23/24

May 2024 Highway Report

Weekly Work Reports

5/1/24-5/12/24

In House Work

- Replace cross culvert on Brantling Hill RD
- Hauled stone (summer projects)
- Reshape the following dirt Rds. (Deneef, Van Houte)
- Cut shoulders on the following Rds. (State street Ext.)
- Flush Driveway pipes on State St Ext
- Replaced cross culvert on State St
- Remove plow makers from town Rds
- Mowed town Rds and parks
- Removed plow frames from trucks
- Clean up around the barn for dump days

Vendor Repair

- Inspection on trucks 12,3 Williamson Auto

Truck Repair and Maintenance

- Grease equipment
- Cleaned and grease sanders

5/13/24-5/19/24

In House Work

- Mowed town Rds and parks
- Cleaned ditches on State street, State street Ext, and Shaker Rd
- Patched town Rds

Town of Sodus Highway Department
Jared Laird Highway Superintendent
84 Rotterdam Rd
Sodus, NY 14551
315-483-6934 ext. 7 (Office)
315-483-4038 (Fax)
315-573-4876 (Cell)
Email: highwaysup@sodus.ny.gov

5/13/24-5/19/24 (con't)

- Cleaned up piles at Brick church cemetery (Wayne V)
- Cleaned ditch on Newell Rd
- Wedge (shim with blacktop) on Brantling Hill Rd and Newark st
- Cleaned Bathroom, Breakroom, and office
- Worked in Landfill moving and piling stone, pushing up brush
- Hauled stone
- Call out Andy 5/17/24 tree in the rd (Hill Rd)

Vendor Repair (Nothing)

Truck Repair and Maintenance

- Grease truck 120
- Grease mowing tractor

5/20/24-5/31/24

In House Work

- Mow town Rds and parks
- Wedge (shim with blacktop) Newark St and Hill Rd
- Patch town Rds
- Picked up filing cabinets from wayne county for court
- Cleaned (wash and wax) truck 15 for memorial day parade
- Reshaped Furber Rd
- Cleaned around Highway barn
- Haul stone
- Started mowing Landfill
- Cleaned up fallen tree on Preemption Rd

Town of Sodus Highway Department
Jared Laird Highway Superintendent
84 Rotterdam Rd
Sodus, NY 14551
315-483-6934 ext. 7 (Office)
315-483-4038 (Fax)
315-573-4876 (Cell)
Email: highwaysup@sodus.ny.gov

5/20/24-5/31/24 (con't)

- Worked on getting ready for dump days
- Cut shoulders on Stell Rd
- Tree call out 5/25/24 Jeff and Jason Preemption Rd

Vendor Repair

- Replace Ac condenser, fix broken wire (truck 80) Regional truck
- Brake work (truck 80) Williamson Auto
- Split right tree surgeon cut tree down Harriman park

Truck Repair and Maintenance

- Clean and inspect trucks

Town clean up 5/31 & 6/1

- Friday 247 vehicles --Saturday 214 vehicles Total 461
- All involved did a great job.

In Kind Service (out)

- 1 Town of sodus truck to help Williamson haul stone and Ontario to chip seal
- Town of sodus crew helped Sodus village wedge Newark Street

In Kind Service (in)

- Town of Huron hauled truck (80) to Regional in Geneva
- Sodus village excavator and worker (clean up days)
- Wayne county highway loader (clean up days)

Salt Delivery (order date)

Lake Level (ASL = Above Sea Level)

Lake at 245.90 ft ASL at end of May even with the previous month.

At the end of May 2024, about 1' 2" lower than at end of May 2023.

The end of May 2024 level is about 4" lower than historical average.

Long term forecast for mid-November of 2024 is 244' 7" ASL. About 2" lower than long-time average level, and about 3" below 2023 mid-November.

Summary: Looks like we hit the high for 2024 and it will be probably lower than last year for the remaining of this year.

TOWN OF SODUS

ASSESSOR'S OFFICE

Date: June, 3 2024

Respectfully Submitted by: Nathan Mack

Grievance Day Fact Information

- Four members of the Board of Assessment Review were present. We received four applications on Grievance Day. Three applications were exemption related questions and one application was valuation related.
- Notices of decision by the Board of Assessment Review have been mailed to the taxpayers.

AROUND THE OFFICE

- The changes made by the Board of Assessment Review have been updated on the tax roll.
- Information for the Final tax roll will be turned into the County.
- Legal notices concerning the completion of the final assessment roll will be posted in the Town Hall, website and newspaper.

Follow Up Flag: Follow up
Flag Status: Flagged

May 5th I had a chance to go through staff applications and took the day to talk to and hire coordinators for all but one activity group. Photography. All coordinators hired have agreed on being available Saturday May 11th for in person registration

May 6th final mini ballers night and it was a solid end to an amazing new program. The coaches had the kids sign 2 balls. one for them and one for myself and I thank them so much for heading this program!

May 8th The facilities request for May 11th apparently was missing and was a scramble to get filled but I received the approval today for 6 computers, tables and the gym. I also sent out the welcome email to staff hired and the new hire packet. I am gathering everything I will need for the New hire orientation on May 29th 6-8 in the elementary school. The remaining facilities requests have been submitted for summer use and copies have been made just in case

May 11th in person orientation wasn't a huge hit. Most people just came in to pay cash or check. We did have a lot of stuff set up in the event of more kids. We had a handful of coordinators show up for the full 2 hours and will reflect on their first paycheck.

May 15th we were able to get the Venmo and Cashapp deposit info and sign up taken care of and deposits were made from both applications

May 29th was our Staff orientation. went well and had most people show up. the only ones that didn't had previously let me know they couldn't be there. We are looking for a few more hands and I will be reaching out to steady work to get that taken care of. In the meantime applications have been printed and I am continuing to collect paperwork to give Bree. Those that showed up will have 2 hours in their paycheck for orientation

May 30th a deposit was made from Venmo and scheduled to deposit June 3rd. no current cash app funds to deposit

Subject: Beechwood report may

May was a very busy month here at the park. The beautiful weather had us full of park goers everyday. We also had multiple scout troops camping each weekend of the month. Memorial Day was a big weekend for public camping and boosted the camping fees collected for the month to \$660. The NYS Park Service also came in for a day and knocked down the 30 dead poplar trees going down the main trail from the west entrance. Unfortunately they didnt have any more time to stay and get everything cleaned up due to scheduling,so there is a great deal of work to be done getting everything cleaned up. That will be an ongoing project throughout the whole season but i do have multiple groups of volunteers coming down soon to help me getting everything squared away. Dropping those trees really opened up some areas in the park and once everything is cleared up and the areas connected it will defenitely be adding quite a few hours to the mowing schedule. As always there is tons of work going on here and everything going great.

Signature of City or Town Clerk 	Date <u> 06/04/2024 </u>		

INSTRUCTIONS

This Monthly Report of Marriage Licenses issued must be submitted to the New York State Department of Health at the above address for each month whether or not any licenses were issued. If no licenses were issued, indicate NONE in the spaces provided for license numbers.

The issuance of a marriage license makes you responsible for the remittance fee of \$22.50 whether or not the marriage ceremony is ever performed. An exception to the mandatory remittance is when either of the parties applying for such license is a member of the armed forces of the U.S. on active duty.

Marriage licenses must be numbered and reported consecutively throughout the year starting with number 1 at the beginning of EACH calendar year.

Pursuant to the authority of Section 19 of the New York State Domestic Relations Law, the Commissioner of Health has directed that this report, together with any fee, be transmitted to the State Department of Health by the 15th of the month following the month which the report covers.

New York State Domestic Relations Law Section 22 provides that any Town or City Clerk who violates or fails to comply with any of the above mentioned reporting requirements, shall be deemed guilty of a misdemeanor and shall pay a fine not exceeding the sum of one hundred dollars on a conviction thereof.

Follow Up Flag: Follow up
Flag Status: Flagged

Lori,

Looking at the 2024 budget, the hourly amount we are seeking is actually \$20.74. My apologies for the error.

Jay

Subject: PT Clerk Salary

Lori,

Apologies for not getting back to you yesterday. I consulted with Bob about the salary for the PT Clerk position. We would like to set the pay rate at Michelle's current rate, which I believe is \$20.47/hr.

Thanks

Jay
