

## Powerful Performance In A Hard Working Design

The Titon Series Electric Chain Hoists are easy to operate, service, require minimal maintenance, and offer excellent headroom for every lifting application.

Standard overload device protects the hoist, operator, and surrounding structure from damaging overloads.

The Titon Series of Electric Hoists are:

### Strong

- Electromagnetic brake holds a load even if power is interrupted
- Upper and lower limit switches prevent over-travel
- Built-in chain bag keeps chain out of the way during operation
- Ventilated heavy-duty motor shuts down to prevent overheating

### Safe

- Handheld remote control with emergency stop switch can be controlled up to 20 feet away.
- Can be easily attached to most trolleys or beam clamps.
- Heat-treated, drop-forged hooks swivel 360° for easy rigging.

### Reliable

- Quick-connect wiring connects power with pushbutton controls for smooth operation.
- Permanently lubricated gear train delivers a long life with low maintenance.
- Offered in single phase and three phase units.
- Integrated slip clutch ensures continuous duty and tension control and protects transmission from overload
- Gear trains are permanently lubricated for long life and minimal maintenance

US and EU Standards ASME HST-1, ASME B30.16, EN14492-2, EN60204-32  
2 Year Warranty, Service and Parts Available in Stock in the USA
