

2022 Sauvignon Blanc

Napa Valley

Barlow's 2022 Sauvignon Blanc is a dry, well-balanced wine with zesty flavors of pink grapefruit, melon, and stone fruit, leading to a crisp finish lifted by bright acidity and refreshing citrus and mineral tones.

2022 Harvest Report Napa Valley

The 2022 harvest started earlier than we've ever recorded. Early rain and a long warm summer got this harvest started quickly. As for the growing season, we thankfully got enough rain to fill our pond and irrigate, resulting in some impressive canopy growth. This came to be extremely helpful throughout the summer and into harvest, protecting the grapes from too much sun. The fast forward button was pushed mid harvest as we received 5 days of 100+ degree heat, grapes came off in a frenzy, and the valley was a buzz of excitement.

VINTAGE STATISTICS

BLEND	<i>100% Sauvignon Blanc</i>
HARVEST DATE	<i>September, 2022</i>
BOTTLING	<i>February, 2022</i>
ALCOHOL	<i>13%</i>
PRODUCTION	<i>300 cases</i>
RELEASE DATE	<i>April, 2023</i>
