

# UPGRADE OPTIONS

## WHEELIE BAR UPGRADE WHEELS

A cool upgrade that looks awesome but is functional. If you are going to rough ride, massive wheelies, and ride in the sand this is for you. Shark wheels are a unique and innovative design. As seen on Shark tank, these upgrades are tough and ride great

## HIGH SPEED KIT

This kit is a bolt on product. The special heavy duty chain is already sized, super easy to install. Speed increase to 16MPH.

## XL UPGRADE AXLE - FOR A WIDER STANCE

Made of cold steel with incredible strength, this XL upgrade axle features machine work that is perfect. Super trick wide

## HANDLEBAR KIT

This upgrade kit is designed for those who really like to trick out their coolers, and it's perfect for those who are a little over 6' 2" tall. We love it for the "cool"

## SEAT PAD

This is your next upgrade. upgrade that feels great, quality constructed chalk-white cushion, pleated vinyl top and smooth piping and boxing, mesh bottom to allow moisture to drain properly, snaps in all four corners and
