## HEAD PAIN MANAGEMENT

iceless / programmable / drug-free

### VETERANS ARE TALKING...

98%

98% of Veteran patients surveyed would recommend ThermaZone<sup>®</sup> to a friend.\*

\* Results gathered from 470 Veteran patients who freely participated in ThermaZone's product survey from Jan. - Dec. '23.

"I suffer from chronic migraines daily that I developed while serving in the Marines in 1986. For years I have been using ice packs on the front, sides, or back of my head, depending on the current location of pain. So, I got my new ThermaZone a couple days ago and can't praise it highly enough. No dripping from ice pack, or freezing my hand holding one on my temple. Just put on the comfortable pad, get it in a secure position and enjoy the relief."

- Paul B.

### MULTIPLE PADS + ONE DEVICE

#### ThermaZone<sup>®</sup> Pads

Motion Advantage<sup>™</sup> Technology leverages precise fluid movement through welded microchannels, delivering uniform temperature distribution across the pad's surface for maximum coverage. Pads are interchangeable and bilateral.
